By S. R. PADDOCK

As we stand on the threshold of a new year, we are not going to look backward at our mistakes. We are just happy there were not more of them.

As we look over the proofs of this week's stories of the accomplishments of 1954, they seem almost like a fairy tale. We do not know what fairy waved the magic wand over the communities served by this newspaper, but all of us a year ago would have considered the 1954 accomplishments as very improbable.

We hardly dare guess at what will happen during the coming year. Our communities can either take it lying down or crouching on the starting line prepared to direct the destiny of 1955 in the right direction. The northwest communities have welcomed many new residents during 1954 and there is a greater waiting list of families who hope to be one of us during the coming months.

To prepare for the future, the civic bodies should do a lot of progressive planning. We hesitate to tell them what that planning should be. Too many of our readers would consider it a bit of fairy-land dreaming.

Our municipal and school governing bodies would do well to cut the bounds which have in the past hampered their activities.

"Let well enough alone" and following the course of least resistance, may have been all right in the horse and buggy and the automobile age, but we are on the threshold of an atomic era that requires a wider vision on the part of all of us.

•

We cannot help but admire the progressive spirit that is being shown by the residents of Rolling Meadows. We doubt if the opposition being shown by some groups will prevent that community from achieving self rule.

•

The new subdivisions are knocking on the doors of Mt. Prospect, Arlington Heights and Palatine. Those communities have the choice of either enlarging the family circle or allowing the new communities to proceed on their own. More than one community has discovered the folly of snap judgments as regards schools and industries.

Word of the expansion program of Rolling Meadows caused the Palatine village board Monday night to approve the annexation of 100 acres. As one trustee said, "We would rather have them in our fold than as an outside neighbor."

•

We are in receipt of a clipping from the New York Times which tells of the plight of Greenwich, Conn., a deluxe suburb of New York City. The clippings read in part:

"Greenwich is being fed bitter medicine these days. The first spoonful was administered when the comptroller told the civic club that the tax base must be broadened; that industry must be invited to share the wealth of the community if it was to survive in its present form.

"The budget is growing because you not only have to pay more for the same things, but people are asking for new things. This hungry budget must be fed because no one seriously wants to economize in the community's first-class public services."

Mount Prospect has approved a deluxe light industrial area in which construction will start on three plants in the spring. The village is safeguarded by ample construction restrictions. Space is provided for five additional plants.

We are certain that a lot of housewives will agree with the president of National Association of Letter Carriers regarding the junk mail that is now thrust upon the mail carriers.

He says, "The simple truth is that unaddressed circulars have become a national irritant. Patrons are resorting to all sorts of devices to evade the avalanche of handouts, samples and advertising gimmicks being stuffed into their mailboxes.

"Along with being disturbed about the delay of first-class mail deliveries and the protests from our patrons, letter carriers are tired of being a pack mule and a handbill peddler.

"If third-class mail is a first-class headache for our patrons, it is no less an abuse of the physical well-being of the letter carrier."

A presiding judge in pronouncing a "parole" sentence against a mail carrier who had thrown a lot of junk mail into a ditch in his remarks showed that he understood the reaction of a carrier who just couldn't take it anymore.

Arlington Heights village board has asked its businessmen to accept new business license fees.

Before too many of the businessmen say, "they can't do that to us" we call their attention to the decision of the state supreme court given last week in favor of the village of Itasca and against a real estate broker who took the stand that as a state licensed broker, the village had no right to levy against him a municipal license fee.

He won his case in the lower courts, but is today subject to a fine of $1 to $100 a day for the period that he has operated without a local license.

March of Dimes volunteers Mrs. James Webster (left) 204 E. Euclid, Arlington Heights, and Mrs. Ramond Dietrich, 13 S. Parkway, Prospect Heights, display a campaign poster at recent County Communities dinner meeting. The women are serving as chairmen of the polio drive in their respective communities.

The 1955 March of Dimes will run between January 3-31.

It Happened Here In 1954

As Arlington Heights passed its centennial year, the village began to grow into a city. And like a boy passing from adolescence into manhood, it experienced annoying growing pains.

During 1954 the development and expansion of Arlington raced ahead at record pace. But with the "boom" came complex problems which village officials were hard-pressed to resolve.

MUSHROOMING RESIDENTIAL populations were overcrowding schools, choking streets with heavy traffic, and creating new problems in municipal administration.

Thus 1954 saw the beginning and the end of one-way streets, the struggle and eventual triumph of parking meters, the installation of a village manager, and the use of voting machines for the first time.

THE HEART OF ARLINGTON in '54 centered on the village trustees and the board of education, both of whom grappled with the year's most controversial questions.

Village

The theory of parking meters was first introduced Feb. 11 at a meeting of the plan commission, and remained as a hot topic until July 6 when the village board finally directed Attorney Thal to confer with the Chicago and North Western railway on a contract to permit parking meters in present commuter lots. The park board, however, roared its protest and July 27 the trustees approved the installation of on-street meters and commissioned the Park-O-Meter Co. Sept. 21 to install the coin machines.

* * *

ONE-WAY streets was the number one gripe of businessmen, who met with the village board April 26 to decide once and for all the fate of the one-way plan. The trustees agreed to return to two-way streets sometime in May. On June 1, however, the board meeting was thrown into an uproar when Rolland A. Franzen, president of the Chamber of Commerce, demanded to know why one-way streets were still in existence. The old traffic pattern was finally resumed June 19. A Herald survey revealed, however, that shoppers preferred one-way streets 11 to 1, and an Aug. 3 study in Mt. Prospect showed that 17 per cent of shoppers in that town were from Arlington Heights.

On March 2 the plan commission had made these recommendations to the village board: 1—off-street parking lots; 2—parking meters in the business district; 3—permanent approval of one-way streets; and 4—establishment of a commuter train stop at Arlington Park.

The village trustees voted 4 to 2 on Jan. 5 to override the mayor's veto placed on the original vote for a village manager. He had felt there were insufficient funds to support the manager plan. But a special searching committee was appointed April 22, and on June 14, F. Robert Buechner of Wooster, Ohio, was selected as village manager. Mayor Goedke cast the only opposing vote.

* * *

WIDENING of Campbell st., cited by the mayor as "the number one project of 1954," was sanctioned by the board April 1. Attorney Hugo J. Thal secured court approval Sept. 3 to the assessment roll for the widening of Campbell, and on Sept. 28 the contract for $53,851 was let to Milburn Brothers of Mt. Prospect.

As building continued at a phenomenal rate, zoning and construction problems came before the village board.

A request from Arlington Greens for variation in lot sizes of unit 2 created controversy on the village board when Mayor Goedke on March 2 cast the deciding vote permitting the variation. But on April 20 they reconsidered their action and by May 3 were still in the heat of discussion with no solution in sight.

February building permits were at a record high of 109 new single

Schools

The biggest community wrangle in many years got off to a testy start Jan. 14 when plans and cost estimates for a new high school were released. Opposition to the $2,500,000 Foundry rd. school was crystallized Jan. 26 at a meeting in the field house where Hugh Kibbie accused the board of education of exaggerating the need for a new school. As the committee of 100 vigorously fought the bond issue and the board desperately supported it, voters prepared to vote Feb. 27. Despite a final plea for the need of the school, 7,644 citizens marched to the polls and defeated the bond 2 to 1.

This didn't solve the educational problems of a rapidly growing school population, however, and on May 13 a lay committee was formed to study the community's needs. The first meeting was June 3, and on June 24 sub-committees were formed to study specific problems. During the first week of August, they estimated 5,600 new homes for Arlington by 1956. The members agreed that building costs were skyrocketing and the sooner the classroom shortage could be determined and remedied, the more the taxpayers would get for their money. The committee's recommendations were turned over to the board Nov. 8.

* * *

ELSEWHERE in the school world, news was not as controversial. The first student exchange program for Arlington Heights high school got under way Jan. 11 with a reception of students from Florida.

Voters went to the polls Jan. 30 to approve 2 to 1 a $410,000 bond issue for additions to South and Ridge schools. When the contracts were let March 15, the estimates were low enough to permit a $50,000 reduction in the original figure.

An 8 room addition to St. James Catholic school, costing $133,000, was also started in 1954. Our Lady of the Wayside Catholic school, though started in 1953, opened in September this year.

DEVELOPER of Virginia Terrace offered Wheeling township $25,000 in escrow for the Wilson school provided voters approve a $45,000 bond issue for a three-room addition.

Rolling Meadows complete plans for a new ultra-modern school on May 27, and Kimball Hill had opened its doors to students in October.

Diplomas were awarded in June to 498 grade and high school students.

Leroy J. Knoeppel resigned Aug. 1 as principal of the high school and was replaced by H. L. Slichenmyer.

Delegates of district 21 of the Illinois Congress of Parents and Teachers held their annual conference in Arlington Heights Oct. 14. St. Peter Lutheran school celebrated its 90th anniversary Nov. 14.

General

Generally speaking, 1954 was a newsworthy year for Arlington.

The North Western railway and American Express Co. announced plans in January to discontinue freight and shipping services in Arlington Heights.

Hill-Behan revealed remodeling plans in January for a new store at Davis st. and State rd.

Rev. John Gerhard Meiners was installed Jan. 17 as new pastor of St. John Evangelical and Reformed church.

VAIL AVE. businessmen expressed disappointment over the village's refusal to make Vail a two-way street.

On Jan. 20, Charles H. Wilson was elected president of the Federal Savings and Loan association.

Three homes and the Elk Grove school were broken into and ransacked Jan. 31. Five hundred dollars was taken from the school.

The Mothers' March on Polio Feb. 3 netted $5,082 or $900 more than the previous year.

The first members of the new Elk Grove 4-H club were initiated Jan. 11.

A RABIES quarantine was placed on the village Feb. 10 by the Illinois department of agriculture.

Rev. Charles E. Will was installed Feb. 13 as pastor of the Evangelical Free church.

Two young boys set fire to a new home at 827 S. Highland in March, causing $5,000 damage.

Realtor Charles Wilson announced plans on March 11 for a new medical center at Northwest hwy. and Race st.

The death of three boys at the State rd. railroad crossing brought an agreement for installation April 15 of automatic gates at all four crossings.

Opening of safety lanes May 20 climaxed the Lions club drive for the Look magazine national safety award, which was presented to them in August.

FIRE RAZED the home of George Sidor on May 24. The six room house was completely gutted because firemen ran out of water and had to stand by helplessly. A special fund was started June 10 to help rebuild the home.

Old Orchard golf club was sold June 3 for $300,000.

Nine editors from Germany visited Paddock Publications July 1.

More than 12,000 people jammed Recreation park July 4 to see the Legion display of fireworks.

'54 Building Breaks All Records; Up 50%

Start Work On 11 Acre Factory Site

Construction starts next week in Mount Prospect's unique 11 acre industrial park.

Announcement of the building was made Wednesday by Joseph A. Weber, president of the Weber Addressograph Machine Co. developer of the district.

* * *

THE PARK, which will eventually accommodate eight plants, is located on Prospect ave. and faces the Chicago and North Western railway tracks. It is bound by S. Maple, S. School, and E. Lincoln sts.

Three firms have already announced plans to build on the site.

The Buhrke Tool and Engineering Co., 1622 Milwaukee ave., Chicago, will commence construction next week.

Also ready to build are the Arnar-Stone Laboratories, Inc., 1316 Sherman ave., Evanston.

Weber will move from his present location at 200 W. Central rd. next April when he starts work on a 20,000 sq. ft. face brick building to house his local assembly plant.

* * *

PURPOSE OF the district is to make it one of the outstanding developments of its kind.

"The industrial park will be a real credit to the village," declared Weber. "There will be high-grade buildings, lawns, shrubs, and trees. The area will be free of dirt, odor, noise, or heavy truck traffic."

Industries considered for the park will be office, light manufacturing, or assembly plants. All applicants will be carefully screened.

Adequate air space between buildings will be provided by 20 ft. easements and 60 ft. setbacks.

Industry is being lured to Mt. Prospect because there is no congestion, it's convenient for commuter-conscious employees, and there is an adequate and stable labor supply.

They Do Not Reside In City Of Good Neighbors

A warning issued by Des Plaines police that was received by Arlington Heights Chamber of Commerce, has inadvertently caused some embarrassment to a few Arlington Heights families.

The fraudulent checks passed in Des Plaines were signed by the surnname of a few Arlington families.

"Arlington Heights residents do not do such things," says Nelson Hauff, secretary of the Chamber of Commerce. He suggests that addresses of endorsers be checked with the telephone book.

Lucky Winner

Joan Sundblad, S. State rd., Forest View subdivision, won the 18 inch Alexander doll and wardrobe given away by the Arlington Heights Nurses' club.

The doll was displayed in the window of Lorraine-Anne shop, where the drawing was held at 10 a.m., December 16. The lucky number was selected by Mrs. J. E. Hutchinson, 444 S. Vail, Arlington Heights.

Tax Book Out Jan. 1

"Your Federal Income Tax, 1954," the official Government tax guide, will be ready for distribution soon after January 1, the superintendent of documents announced.

EDWIN L. JOHNSON

Fills Vacancy On Village Board

"I feel what is best for the village of Arington Heights and its continued forward progress will be my main concern in determining the problems of the board," said Edwin L. Johnson, newly appointed village trustee.

* * *

JOHNSON TOOK office December 21, following a recommendation made by a special committee on recommendations, which was headed by Harold Klinger, who represented the American Legion. Committee members were selected from various organizations in the village. His appointment filled the vacancy created by the resignation of Charles Rehfeldt.

A married man, Trustee Johnson is also the father of three children, Steve, 7, Laurie, 4, and David, 3. He and his family have lived in Arlington almost four years.

An attorney, he is partner in the law firm of Doty and Johnson, 33 N. LaSalle. He graduated in 1941 from Northwestern university and was admitted to the bar the same year. During the war he served in the army air force for almost four years, spending nine months overseas in the Pacific theatre with the 20th air force.

* * *

BEFORE OPENING his own law firm in 1947, Johnson was associated with Taylor, Miller, Busch and Boyden law firm.

The Johnsons moved to Arlington from Rogers Park and chose this community because "we felt it was the ideal spot to put down our roots and raise a family." Johnson is still active in Sgt. Edward Younger Memorial Veterans of Foreign Wars Post 2202, Chicago, but plans to transfer his membership to the local VFW post. The family attends St. John Episcopal church, Mount Prospect.

'If You Plan To Drink, Don't Drive,' Says Chief

"Arlington Heights police department wishes everyone a Happy New Year," says Chief of Police Carl H. Skoog.

"We would like to keep this a safe holiday weekend," continued the Chief, "and anyone planning to drink over the holidays, should not drive."

"The police department will be glad to assist in any way it can if a resident, who has driven to a local party, finds he's celebrated a little too much," said the Chief. "Call us, we'll see you home safely. Remember, the life you save may be your own."

Bus Service Started For South Side Commuters

Harvel Motor Coach Co. started serving residents of the south-side of Arlington Heights by extending the Scarsdale-bus to service that area on a trial basis December 13. Milton E. Ladish, Chicago Regional Manager of Business Men's Assurance Company, who lives at 813 S. Dunton Avenue personally sponsored this test.

Ladish carried-on a telephone and personal-contact campaign with about 75 residents of that neighborhood to request their cooperation and patronage. At first one bus was run. It left the depot at 7 a.m. going down Dunton, reaching Dunton and Orchard at 7:05 a.m., then east to State rd., north to Park street, then circles through Scarsdale leaving Scarsdale on Fairview, then north to the depot arriving there at 7:18 a.m.

* * *

THIS SERVICE proved so popular that arrangements were made to run a second bus over this same route to meet the 7:50 a.m. train and later that same week a third morning bus was added to serve the 6:44 a.m. train to Chicago.

December 17, arrangements were made to have Harvel Motor Coach co. meet all the six evening rush-hour trains from Chicago thereby providing residents of this area with evening homecoming service. These buses leave from Evergreen, go south on State rd., to Park, then a quick trip through Scarsdale to Fairview and State rd., south on State rd. to Orchard, west on Orchard to Dunton Avenue, then north to the depot. Some people have found it very useful in making trips uptown on these evening buses from the south-side.

Ladish desires to secure a direct bus-service for this area; however at least 30-40 additional riders will be needed to provide this service. He is also anxious to have all-day "round the town" bus service on an hourly basis to serve the housewives and shoppers during the day. All who are interested in either the commuter-buses or the "all-day" shoppers basis are invited to telephone Ladish either at his residence, Clearbrook 3-5888, evenings, or at his office, Randolph 6-1910 during the day.

641 Homes Total $10,291,100; Grand Total Over 12 Million

True to the prediction of every real state firm in the area last December, building in Arlington Heights broke all records during 1954. In fact, it jumped 50 per cent above the record year of 1953, which totaled $8,092,764. This year's total hit $12,035,641.

Heading the list of construction was home building, with 641 new homes, costing $10,290,100. This is an increase of 202 homes over 1953, and an increase of 177 new homes over the previous record home building year of 1950.

Three additions to schools added $433,100 more to the building total. One was a $133,000 addition to St. James Catholic school; $129,500 addition to Ridge school, and $170,600 addition to New South school and the Junior high school.

Three apartment buildings under construction on the former site of the Lutheran old folks' home, added another $420,000.

* * *

COMMERCIAL development was next high, totaling $419,800. Included in this were the following businesses: Pure Oil station, 218 S. State rd.; Village Kooler, 818 E. Northwest hwy.; Arlington Furniture Mart, 213 S. State rd.; Parker and Ogelsby, 1614 W. Northwest hwy.; Northwest Ornamental Iron Works, 411 S. State; Arlington Packing, 119 W. Campbell; Schapanski building, 7-9-11 E. Miner; Trude shopping center, 504-520 W. Northwest hwy.; Standard Oil station, 1706 W. Northwest hwy.; Rodewald building, 10 E. Miner, and Lunch room, 1706 W. Campbell.

Additions and alterations to homes added another $245,270 to the total, with an $85,000 addition to Arlington Seating, and $11,500 addition to Arlington Concrete Products, industrial firms, making another increase. Commercial additions and alterations, which included the Big Freeze and Paddock Publications, added another $6,800.

Private garages built during the year totaled $121,396. The new bus shelter in the railroad park, a gift of the Lions club, cost $1,675, and brought the grand total for the year to $12,035,641.

Since 1950 permits for 2,236 homes have been issued in Arlington Heights.

William Runyon To Fill Pulpit On Laymen's Sunday

William Runyon of Arlington Heights will speak on Laymen's Sunday, January 2, at the 11 o'clock worship service of the First Methodist Church of Arlington Heights.

The following men will participate in this service: Reuben Conrad, Robert Dibble, Evrell Plank, and William Griffith.

Runyon has recently returned from visiting European countries as a guest of the Crusade for Freedom, which is an effort of the American people to help in the struggle against Communist agression. He will have a timely Christian message on "Christianity at Work Behind the Iron Curtain."

Population Zooming

By 1980, Arlington Heights will be a bustling city of 44,000.

So reports the Chicago Regional Planning association which released estimates Monday of the projected populations of Chicago area communities.

They estimate the population of Arlington Heights to be 22,000 in 1960 and 34,000 by 1970.

Mount Prospect, now a suburban village, will be a large town of 26,000 within 25 years. They estimate its population at 11,000 within six years and 19,000 by 1970.

Palatine will reach 14,000 by 1980 and Wheeling should have a population of 5,000 in the same year.

This stretch of northwest country towns will be a solid strip of city within a quarter of a century with more than 189,000 residents, including Park Ridge and Des Plaines.

Nominating Committee for Elementary Board Organizes

Delegates from seventeen organizations met December 20 in the Junior high school gymnasium, Arlington Heights, to organize a nominating committee for candidates for the board of education of School District No. 25. The nominating committee is being formed at the suggestion of the board who recently invited each of these organizations to participate in this project.

At this meeting, G. W. Sullivan, 415 Windsor Drive, was elected chairman of the nominating committee, Mrs. Rowland Laughlin, 635 S. Pine, was elected vice chairman, and Mrs. Donald Wheeler, 406 W. Kirchoff, was elected secretary.

Robert R. Lockwood, president of the board of education, spoke briefly, outlining the board's reasons for feeling that a nominating committee should be formed. He stressed the importance of community participation in the selection of candidates for the board and emphasized the importance of continuing to have a board made up of outstanding citizens whose first concern is what is best for the schools and the children.

* * *

A BY-LAWS committee, composed of three members of the Parent-Teacher association board, the president of the board of education, and the superintendent of schools, presented tentative by-laws at the meeting. As adopted, the by-laws provide for the nominating committee to hold 3 meetings annually, the first one to be held January 15 and the other two within a period of 4 weeks.

After the first year, any organization in the community which is non-political, non-religious, civic and/or educational in interest, that has been in operation during the two previous years, and that has officers properly elected in conformance with the by-laws, may petition for membership. Each qualified organization is to be represented by two members.

In taking this step, the Arlington Heights public schools are adopting a practice which has been followed in many of the neighboring suburban communities. "Careful attention by the public to future publicity regarding the activities of the nominating committee will do much to make it work effective and successful," Mr. Sullivan stated.

* * *

THE ORGANIZATIONS which were invited to make up the 1955 Nominating Committee, are as follows: The five school units of the Parent-Teacher association; The Arlington Heights Woman's club; Chamber of Commerce; Kiwanis club; Lions club; Arlington Greens association; Arlington Terrace Owners association; Eastwood Community association; Nothwest Community Betterment association; Scarsdale Estates Improvement association; Scarsdale Property Owners association; Sherwood Improvement association; and Stonegate association.

The first regular meeting of the nominating committee will be held January 10, at which the committee will discuss the duties and responsibilities of members of the board of education, the qualifications and requirements of individuals needed to maintain a strong and well-balanced board, and the problems likely to confront the board in the coming year.

Lions To Be Entertained With 'Fish Story'

"The fish that came to dinner," will be the title of the talk by Mathon Kyritsis, the eminent Illinois Ichthyophagist, at the first social meeting of the Arlington Heights Lions club, January 4.

Mr. Mathon, as he is popularly known, is the president of the Illinois Commerce Fishing Commission, vice-chairman of the Illinois Fish Protection Commission (a post received by appointment from Gov. Stratton), and owner of Mathon Sea Food Restaurant for Ichthyophagists, Waukegan. His address will be augmented by some extraordinary motion pictures.

Many organizations have heard Mathon and he has received many requests for return engagements. Howard M. Buchholz, vice chairman of the publicity committee, and whose efforts have made possible this program, will be the toastmaster for the evening.

Rolling Meadows Plans Alarm Palatine People

Action to prevent raids on industrial and residential areas contiguous to Palatine was taken by the village board at their regular meeting this week. A committee of the whole board was appointed to work with the chamber of commerce in an effort to counteract the action of Rolling Meadows in its westward expansion.

An election calling for the incorporation of the City of Rolling Meadows is set for January 22, and the proposed boundary of the new city is Northwest hwy. on the north (which includes the Arlington Park race track) plus Arlington Crest, an area north of Northwest hwy. The east boundary is Wilke rd., the south boundary Central rd. The west boundary is Hicks rd. with the exception of the Eimco plant.

If the vote on the application for incorporation is favorable, Rolling Meadows will comprise an area capable of expanding to 8,000 to 10,000 population. Its boundaries will touch Palatine on the east.

Palatine citizens expressed their attitude toward the impending election forcefully at the board meeting, claiming that the plans of Rolling Meadows included an area in the path of the natural growth of the village.

"If the people of Palatine find themselves in difficulty as a result of the attempt of Rolling Meadows to expand," commented Chas. Klopp, member of the planning commission, "it is due entirely to their inertia. They have been derelict in the matter of planning for a future expansion that would bring about the best use of the land adjoining our borders. The voters rejected the hiring of a professional manager at the last election. The result is we are now suffering from growing pains—and it hurts. I should like to see this matter delayed for six months, so it may be calmly and deliberately considered. I believe Palatine should adopt a master plan for the expansion of the village—and to this end consult the very able firm of engineers who have advised us in the past."

"Maybe it might be better to pay no attention to this act of incorporation," argued Gunnar Hansen, president of the chamber of commerce. "Let Rolling Meadows take on the expense and burdens of city government if they want to, but let's see if we can't insure our other borders from inroads of this kind."

"We must take a longer view of what is taking place," insisted Trustee Robert Green. "It isn't enough to try frantically to protect ourselves against this temporary thrust at our vulnerable boundaries. Envision the future, when the whole length of Northwest hwy. will be a string of modern businesses; when industry will occupy most of the available sites; when the countryside for miles around will be built up into park-like residential areas, with local shopping centers. If Palatine wants to be the center of this development that is sure to take place within the next decade, we must begin to take adequate steps now; the alternative is to sit tight and take in only what is forced upon us."

Eastwood Events

Date of the next Eastwood meeting has been changed from January 4 to January 11. The place is the field house and the time will be 8 p.m. It is hoped that this change in the association's meeting plans will bring out a good number of residents.

Congratulations to Mr. and Mrs. Robert Nelson who became parents of their first son, and second child December 14. The baby, named Gregory Robert, has a sister, Dawn Leslie, 3½ years old. The Nelsons reside at 603 N. Hickory.

Tenth Anniversary

Congratulations also are extended to Mr. and Mrs. Robert Luedeking of 746 N. Beverley who celebrated their tenth wedding anniversary December 27.

Christmas Gatherings

There were plenty of family gatherings for the Christmas holidays but this one in particular was one of the largest your reporter heard of. The Joe Orglers of N. Beverley rented the Legion hall for Christmas day where 48 of Mr. Orgler's relatives congregated to greet each other and have a family reunion.

The Robert Burrows entertained 18 members of their family at Christmas day dinner, and among the guests was Mrs. Gertrude Burrow, Bob's mother, who is visiting here from Dessert Hot Springs, Cal.

The Ed Neas family entertained Mr. Neas' parents over the Christmas weekend. They arrived from Knoxville, Tenn. a few days before Christmas and enjoyed Christmas with their grandchildren for the first time in many years.

King Klopfenstein's parents were in from Graybill, Ind., and enjoyed the holidays with their son and his family.

The W. G. Inmans of N. Douglas entertained members of their family at Christmas dinner.

Also spending Christmas at home with members of their family were the Russell Walters of Douglas ave.

Mrs. Lloyd Derus' sister and her husband of Appleton, Wis. were unable to be here for Christmas but arrived a few days later for a visit with the Derus family.

Holiday Greeting

We hope many of our neighbors saw the Christmas greeting printed in the Fence Post of last week's Herald. This special message was sent from Arcadia, Cal., by the Richard Nelsons who formerly lived on N. Dryden.

New Cub Scout

We would like to take this opportunity to apologize for omitting a youngster's name that should have been mentioned along with two others in last week's column. Little Richard Kups of 629 N. Hickory was made a member of cub scout dne 10 at investiture ceremonies held December 17 at the North school.

Belated birthday greetings are extended to Dawn Anderson who was feted at two parties the week before Christmas. December 17 there was a party for her girl friends and the following Sunday relatives helped Dawn celebrate here eleventh birthday.

Your Eastwood officers and board of directors wish everyone a very happy new year.

New Baby

This holiday season has brought happiness to many homes and among the happiest are Mr. and Mrs. Dean Currier who have just received news that they have became grandparents, this time of a baby boy, born to their daughter, Alice Jean, and son-in-law, Phillip de Roulet. The de Roulets are now making their home in San Diego. The Curriers also have another grandchild, Maryanne, who is 2½.

The Curriers spent Christmas day in South Bend with Mrs. Curriers father, Clyde Wilson, and Mrs. Currier's sister and family, Mr. and Mrs. William Kowalski.

Mr. and Mrs. L. G. Garasha spent Christmas with Mrs. Garasha's parents, Mr. and Mrs. H. Fellows, in Genoa City, Wis.

Visit In Freeport

Mr. and Mrs. A. Snap were visitors to Freeport over the Christmas holidays at the home of Mr. Snap's parents, Mr. and Mrs. Albert Snap.

Mr. and Mrs. H. Braunsreuter visited with Mrs. Braunsreuter's brother and family, Mr. and Mrs. Edward McDonough in Kenosha, Wis. Christmas.

Mr. nd Mrs. C. W. Buren had a family gathering in their home Christmas day with Mrs. Buren's parents, Mr. and Mrs. Ahrens, Mrs. Buren's brother and family, Mr. and Mrs. J. Ahrens and their children, Dale and Allen, Mr. Cheshro and Mr. and Mrs. F. Buren of Delavan present. The visitors from Delavan stayed overnight and returned home Sunday.

Christmas Guests

Christmas guests in the William A. Cary home were Mrs. Harriet Cary, Mr. Cary's mother of California and his brother and wife, Mr. and Mrs. Robert Cary of Chicago. Mrs. Harriet Cary will be making her home in Chicago now and the family will be able to spend more time together now.

A double celebration for Christmas and for Keven Cunningham's fourth birthday brought the family of Mr. and Mrs. V. Cunningham together Christmas eve. Mr. and Mrs. A. Cunningham of Chicago, Mr. and Mrs. Heindl of Chicago, Mr. and Mrs. F. Guraine, of Maywood and Mr. and Mrs. W. Pelz of Chicago were all present. Christmas dinner was at the senior Cunninghams' home in Chicago so the family spent the day there.

Mr. and Mrs. Marshall E. Gray spent Christmas in Edgebrook at the home of Mr. and Mrs. E. C. Gerbing with family and friends. The Grays brought Mrs. Gray's mother, Mrs. A. J. Chapman, home with them to spend a week in Arlington Heights.

Mr. and Mrs. Alex Keller were in Chicago at the home of Mr. and Mrs. Forrest Nicholson for Christmas dinner.

Mr. and Mrs. Lemmerhirt were among the 28 guests, which included family and close friends, at the home of Mr. and Mrs. J. Nelson for Christmas dinner December 24. Cocktails were served and St. Nick himself dropped in to wish the group Merry Christmas and to distribute stockings to 11 youngsters who were present. Lynn, the Lemmerhirt's daughter, stayed at the Nelson home with her cousin, Karen, until Tuesday and then came on home and brought her cousin with her for a short stay in Arlington Heights.

Spend Christmas Here

Mr. and Mrs. L. W. Gleason Sr. spent the Christmas weekend with their son and daughter-in-law, Mr. and Mrs. L. W. Gleason Jr., of N. Kennicott st. The senior Gleasons are from Remington, Ind.

Mr. and Mrs. R. Godenrath and family spent Christmas with Mr. Godenrath's father, E. Godenrath of Chicago. Wednesday evening the Godenraths entertained 15 friends at a holiday party.

For the first time since 1939 the T. W Gooding Jrs. spent Christmas with all of their family at the home of Mr. and Mrs. James Strong of Mount Prospect. Mr. and Mrs. T. W. Gooding, Sr. of Elkhart, Mr. and Mrs. Jack Gooding and their three sons of Springfield were all there.

Holiday Guest

A holiday guest of Robert T. Evans is Miss Lynne Holiday of Indianapolis. Miss Holiday and Mr. Evans are both students at Indiana university and will spend the rest of their holiday vacation together before returning to school.

Mr. and Mrs. A. Danes spent Christmas night with Mr. and Mrs. Stanley Gilbertson of Arlington Heights. Sunday evening they entertained Mr. and Mrs. W. Sarvana in their home.

From the Police Blotter . . .

A damaged auto hood was the only ill effects suffered by Jan Behrens of Arlington Heights when a hot wire fell on his car Sunday evening at Chestnut and Euclid aves. He had the presence of mind to stay in his auto until help arrived. Police, who saw the flash when the wire burst into flames, arrived within a few minutes and summoned the Public Service Co. Many northside residents were without electricity until the wire was repaired, which took about an hour.

An abandoned 1954 Mercury station wagon was found on Eastman st., just east of State rd., and was towed to Arlington Fender and Body Shop December 27. The car was registered in the name of Hazel Tamer, Box 284, Arlington Trailer Park, but no one there knew of such a person.

Mrs. W. Schlomann, 215 W. Fremont, became alarmed when a bomb-like object was hurled through her front window. She called police, who, upon investigation, found it to be a carbon-dioxide cylinder. They think the cylinder was lying in the street and a car or truck tire must have hit it in such a way to cause it to be hurled through the window. No one was hurt.

R. W. Bills, 423 Mayfair rd., reported to police someone had taken floodlights from the front of his home sometime during the evening of December 23. They were being used in an outdoor Christmas display.

During the past two weeks local police have received several reports of the railroad gates being up when trains were going through. Mrs. J. Cahill, 602 S. Belmont, reported gates at all four crossings were up when the 9:57 p.m. train pulled into the station December 14. Another report, made by police officers, read that the tower man operating the Evergreen gates failed to lower them when a southbound freight went through at 12:25 a.m. December 23.

Traffic court for the past two weeks has been fairly light. A total of $299 in fines have been collected. Violations consisted of faulty mufflers, no safety stickers, stop signs, traffic signals, following too closely, speeding, fogged windshield, lost license plates, failure to give proper turn signal, and no tail lights.

Parking violations for the last two weeks totaled 343.

Ordinance No. 886

AN ORDINANCE PRO-RATING THE COST OF THE CONSTRUCTION OF A SEWER IN KENNICOTT AVENUE FROM A POINT APPROXIMATELY 260 FEET NORTH OF THE NORTH LINE OF CAMPBELL STREET TO WING STREET, IN THE VILLAGE OF ARLINGTON HEIGHTS, ILLINOIS.

WHERE VERA BECKER, who is the owner and party interest in the lot and parcel of land described as:

Lot 251 in ARLINGTON MANOR, being a subdivision of the Southeast Quarter of Section 30 and all of the West Half of the Northeast Quarter of Section 31, Township 42 North, Range 11 East of the Third Principal Meridian,

in the Village of Arlington Heights, has heretofore caused to be constructed by private contract, and has paid the cost thereof, of a 12 inch sewer and necessary appurtenances in North Kennicott Avenue from a point approximately 260 feet north of the north line of Campbell Street to a manhole at the intersection of Wing Street and said Kennicott Avenue, and which sewer and its appurtenances so constructed can serve property on the east side of Kennicott Avenue lying between the above described lot owned by the said VERA BECKER and said Wing Street, and described as:

Lots 252, 253 and 254 in ARLINGTON MANOR, being a subdivision of the Southeast Quarter of Section 30 and all of the West Half of the Northeast Quarter of Section 31, Township 42 North, Range 11 East of the Third Principal Meridian;

and,

WHEREAS said improvement so constructed is and will be of benefit to said adjoining and adjacent lots and property hereinbefore last described; and,

WHEREAS the construction of said improvement by the Village and the assessment of the cost thereof against property benefited thereby was not practical due to the lack of a market for the sale of local improvement bonds to anticipate the collection of the cost of said improvement; and,

WHEREAS therefore the said VERA BECKER was given permission to construct said improvement by private contract on the condition that the Village of Arlington Heights be not charged with any part of the cost thereof, and with the understanding that the necessary ordinance be passed by the Village requiring that the owners of any property adjacent to said improvement desiring to make use thereof pay the proportionate share of the cost of said improvement, to be used in reimbursement of the said VERA BECKER, or her heirs or assigns, for the proportionate cost of the construction thereof; and,

WHEREAS the cost of such improvement per front foot of the property benefited and hereinabove described has been determined, and which cost amounts to $8.68 per lineal foot of such property; and,

WHEREAS the President and Board of Trustees of the Village find said costs and charges to be reasonable and in their judgment less than the cost of such improvement if constructed by special assessment; now, therefore,

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF ARLINGTON HEIGHTS, COUNTY OF COOK AND STATE OF ILLINOIS:

SECTION 1. That the improvement hereinbefore described and heretofore constructed, together with all its appurtenances, caused to be constructed and installed by the said VERA BECKER, is hereby declared to be a public improvement, and is hereby accepted by the Village as such improvement, and shall hereafter be maintained by the Village in the same manner as all other sewer installations within public property.

SECTION 2. That the cost of said improvement, which shall not include any house connection or service pipes, is hereby determined and fixed at the rate of $8.68 per lineal foot of property adjacent thereto, said amount being the cost of the construction of said improvement and engineering and other costs paid for the construction thereof by the said VERA BECKER.

SECTION 3. That no person, firm or corporation being the owner of or party interested, nor any contractor, agent or other representative of such owner or party interested, of the following described premises:

Lots 252, 253 and 254 in ARLINGTON MANOR, being a subdivision of the Southeast Quarter of Section 30 and all of the West Half of the Northeast Quarter of Section 31, Township 42 North, Range 11 East of the Third Principal Meridian,

shall connect to or obtain service from said improvement without first obtaining a permit to make such connection. No such permit shall be issued unless the applicant will first pay to the Village of Arlington Heights a sum equal to $8.68 per lineal front foot of applicant's property to be served by such improvement. Such charge and the amount so paid shall entitle such property owner to connect to said sewer improvement and shall be in addition to the usual charges and fees payable to the Village for making sewer connections. Such payments shall not relieve such property owner or owners from the payment of the established water and sewer rentals chargeable by said Village for water and sewer service rendered and furnished.

SECTION 4. All moneys collected by the Village from adjacent property owners for such connection charges, provided for in the preceding section of this ordinance, except the usual connection fees and charges made by the Village in other instances, shall, within thirty (30) days after receipt thereof by the Village, be paid to VERA BECKER, or her heirs or assigns.

SECTION 5. Any person, firm or corporation being the owners of or parties interested in any of said property being capable of being served by said improvement, and any contractor, agent or representative of such person, firm or corporation, making connections with the improvement hereinbefore described, without first making application to the Village for a permit, and without first paying the fees and charges herein provided for, shall be subject to a fine of not less than FIFTY ($50.00) DOLLARS nor more than ONE HUNDRED ($100.00) DOLLARS, and upon conviction thereof such connection shall be immediately removed.

SECTION 6. This Ordinance shall be in full force and effect from and after its passage, approval and publication, and shall be known as Ordinance No. 886.

PASSED this 21st day of December, A.D. 1954.

New Babies

Mr. and Mrs. Ray Kirchenberg, 1145 Beverley lane, are parents of a baby girl, Carol Jean, born December 16. The baby weighed 5 pounds, 14½ ounces. She has a brother, David Ray, who is 4 years old. Grandparents are Mr. and Mrs. Elmer Hartel and Mr. and Mrs. William Kirchenberg.

Mr. and Mrs. Walter Johnson, 1154 Hickory, are parents of their first son, Curt Walter, born December 23 at Swedish Covenant hospital in Chicago. The baby weighed 9 pounds, 14 ounces. Two sisters welcomed Curt home; Christine 3, and Karin 16 months. Grandparents are Mr. and Mrs. Emil Hellberg of Mount Prospect and Mrs. Valborg Johnson of Centralia, Mo.

Visit Away

Mr. and Mrs. Paul George and daughter, Kathleen, spent Christmas Eve at the home of Mr. George's father, Rev. T. E. George, in Goshen, Ind. The Georges were guests of Mrs. George's parents, Mr. and Mrs. August Graveel of South Ben Christmas day. Before leaving on their trip, Mrs. George wished 20 of her neighbors a merry Christmas by being hostess at a "coffee party" at her home, 1140 Hickory, December 22.

Mr. and Mrs. Jack Stegenga motored to Cleveland for Christmas. While there, they were guests of Mr. Stegenga's parents, Mr. and Mrs. W. R. Stegenga.

Birthday

Laura Reed, daughter of Mr. and Mrs. Arthur Reed, celebrated her fourth birthday December 16 by being hostess at a luncheon served in her home. Guests were Christen Johnson, Joyce Gran, and Nancy Jo Petrillo. Laura was a guest December 22 on the Candy Cane TV program. The trip to the television station was arranged by her grandfather, Ceasar Petrillo. Mr. Petrillo is musical director of the Columbia broadcasting station.

Guests

Mr. and Mrs. Eugene Coughlin were hosts at a party at their home December 21. Guests were Mr. and Mrs. Walter Johnson, Mr. and Mrs. Stanley Reed, Mr. and Mrs. Al Baugous, Mr. and Mrs. Harry Gerard, Mr. and Mrs. Warren Gran, and Mr. and Mrs. William Evans.

Mr. and Mrs. S. Kadlecik were hosts Christmas Eve to Mr. and Mrs. Clem Lachel of Algonquin.

Mr. and Mrs. Freeman McGaw and daughter, Linda, of Detroit, were guests for a week at the home of Mr. and Mrs. Warren Gran. Mrs. Gran and Mrs. McGraw are sisters.

Mr. and Mrs. John Hoover were hosts at a Christmas dinner. Guests were Mrs. Hoover's father, Leo Marentette; her brother, James Marentette of Dearborn, Mich.; Mr. Hoover's parents, Mr. and Mrs. Murray Hoover; his grandfather, Charles Lynch; Mrs. Helen Nelson; Miss Lucille Lynch; Mr. and Mrs. Edward Moran and son, James, of Chicago; and Mr. and Mrs. Robert Monahan and family of Milwaukee.

Mr. and Mrs. P. S. Danna entertained at a Christmas dinner. Their guests were Mr. Danna's parents, Mr. and Mrs. Joseph Danna; his sister, Priscilla Danna; Mrs. Danna's mother, Mrs. Anna Giacchetti; and her brothers, Thomas and Paul.

Christening

Jeffrey Reed, son of Mr. and Mrs. Arthur Reed, was christened December 26 at the Saugan-ash Community church. Sponsors were Joseph Petrillo and Elizabeth Petrillo. Following the christening, the sponsors and 15 guests were served a dinner at the Reed home. Among the guests was Jeffrey's great grandmother, Mrs. Rose Petrillo.

Wedgewood Terrace

Moved In

The corner house at Euclid and Elmhurst rds., new, is now occupied by Mr. and Mrs. James Nykodem. Following the move of the firm by which both are employed, the Vapor Roth Heating company, to Niles, Mr. and Mrs. Nykodem looked for a place nearer there than North Riverside where they had lived for 6½ years.

Mrs. Nykodem is an inventory clerk for the firm and Mr. Nykodem is on the boiler assembly line.

Home for neither Mr. or Mrs. Nykodem is the Chicago area. Mrs. Nykodem comes from English Lake, 29 miles southeast of Valparaiso, Ind. Lidgerwood, N. D., is Mr. Nykodem's natal place.

When in the service, Mr. Nykodem was in the air corps and served four years in England, all of which time he and Mrs. Nykodem did not see one another.

Sewing is something Mrs. Nykodem likes to do when home, and Mr. Nykodem enjoys almost any job around the house.

Mr. and Mrs. Owen L. Jenkins from Oakdale, Cal., will be guests of the Thomas Merritts for the holidays. They arrived in time to celebrate their thirty-ninth wedding anniversary Christmas day at the Merritts'. Mrs. Merritt is their daughter. Also present was Mrs. Charles Merritt, Mr. Meritt's mother from Detroit, also making a visit during the holidays.

Mr. and Mrs. Henry Combs and their [illegible], Gregory, were guests at the W. C. Svandvold home in Deerfield for Christmas. They are Mr. Merritt's aunt and uncle.

The Joe Warfsmans visited Mr. and Mrs. Gers Schmits in Kansas City for Christmas. They were expected back by Thursday in time for New Year's. Mr. and Mrs. Schmits are Mrs. Warfsman's parents.

Bus Drivers Given Safe Driving Awards

In a series of three meetings held at the United Motor Coach co. on Tuesday, December 21, twenty eith operators were presented national safety council safe driver awards by Leonard E. Manuel, vice president and general manager. These awards are presented for driving without a preventable accident. Awards ranged from one to eleven years.

Elmer R. Schuemann, director of safety and transportation, stated these twenty-eight operators have driven a total of 2,394,000 miles or an accululation of seventy years of safe driving. Also that a reduction of 21% in accidents had been achieved in 1954 over 1953.

At the same meeting all employees of the company were presented with an achievement award card for driving S-D Day. December 15th, without an accident. The company was also presented with a plaque from the Transit casualty company for not having an accident report for the 24 hour period on Safe Driving Day.

New Holy Land Film To Be Shown Friday At Watchnight Service

"Baksheesh," a new 16 mm. color sound film, made in the Holy Land, will be shown as part of the annual watchnight service of the Arlington Heights Evangelical Free church, Friday. This service, which will be held in the Methodist church, Dunton and St. James, will begin at 9 p.m., and will also feature the singing of the Youth choir, under the direction of Pastor Charles E. Will. Following the showing of the film, a fellowship-social hour will be held, and at 10:45 the Watchnight service will begin in the sanctuary.

"Baksheesh" is a story of a group of Americans who have ranged off tourist-beaten paths, past souvenir stores, and looked beyond the sacred sights to find a people deeply in need of Christian understanding and help. It presents the work of the Holy Land Christian Approach Mission in a land as colorful and picturesque as it is needy.

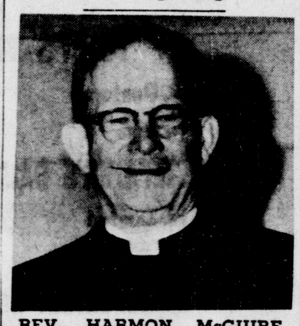

The story of the establishing of a home for nearly 300 homeless orphans is unfolded in the film, together with the story of a pioneer hospital for crippled children, a medical clinic offering free service to the poor, and the distribution of clothing to thousands of refugees.

New Year's Eve Service Scheduled By United Lutherans

A vesper service in observance of the beginning of the new year is scheduled for 7:30 p.m. on New Year's eve by the congregation of the United Lutheran church of Arlington Heights. The service will be held in Dryden school, Dryden and Rockwell sts., and will be conducted by the Rev. George Hoog, who will preach upon the subject, "His Name Was Called Jesus."

Sunday the regular church school classes will meet at 9:30 a.m. and the morning worship will be conducted at 10:45 a.m.

Although the newly-formed senior choir of the United Lutheran church sang for the first time December 19, through the gift of a person interested in the new congregation, the choir appeared in robes for the Christmas eve service. The addition of the robed choir in processional and recessional added much to the beauty of the Christmas services. The choir, which meets for rehearsal next Thursday evening after a week's recess, is under the direction of Mrs. George Hoog.

REV. HARMON McGUIRE, president of the Illinois Synod of the United Lutheran church in America, who was guest of the new United Lutheran mission church in Arlington Heights December 19.

Christmas Concert

One hundred fifty youthful musicians took part in the 21st annual C.Y.O. Christmas concert held in the Eighth Street Theater, Wednesday, December 29. Boys and girls participating in this festival event included Richard Paschke, 220 Prospect Manor, Mt. Prospect, percussion.

To Receive Communion

St. James Catholic Women's guild and the Heights Catholic high club, Arlington Heights, will receive holy communion at 8:15 mass next Sunday.

All women who are members of St. James parish are invited to receive communion with the guild.

Woman Attorney To Address Arlington Woman's Club January 5

Mrs. Paul H. Dunakin, Wheaton attorney, club woman and homemaker, will present a program, "Legal Rights and Responsibilities of a Modern Housewife" at the January 5 meeting of Arlington Heights Woman's club. The meeting will be held at 1:15 p.m. at the fieldhouse with Mrs. C. S. Becker and Mrs. A. N. Trever as hostesses.

Mrs. Dunakin will discuss women in the home with the general rights of their day to day living which the law in Illinois grants them, and the responsibilities required of them.

The fact that no disability or discord is beyond the healing power of God will be stressed at Christian Science services this Sunday, January 2.

Scriptural selections in the Lesson-Sermon entitled "God" will include the account, as given in the seventh chapter of Luke's Gospel, of Christ Jesus' healing of the centurion's servant who was "sick, and ready to die."

The following will be among the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When man is governed by God, the ever-present Mind who understands all things, man knows that with God all things are possible" (180:25-27).

The Golden Text is from Deuteronomy (6:4): "Hear, O Israel: The Lord our God is one Lord."

42 Men's Teams To Roll In Paddock Bowling Tourney

THURSDAY, DEC. 30, 1954

Covering Northwest and West Suburban Sports

MAC SAYS

— by G. A. McElroy

A RECORD NUMBER of entries have been received for this year's Paddock Publications Inter-League Handicap bowling tournament with 42 teams signed and ready to roll. Last year 33 leagues were represented with nine more showing interest this time.

Only four men's leagues competing at the five local establishments did not wish to compete, most of them "beginning aggregations" who did not feel the end warranted the time necessary.

Those 42 teams will represent men's leagues that include 1,920 bowlers. In other words, 2,000 bowlers helped select the entries in the men's tournament at Palatine Sunday, Jan. 9. Those 1,920 men keglers spend more than $3,000 for league bowling each week. Add to this the number of league bowlers in women's and mixed leagues, plus open play, and you have some idea of why bowling is America's favorite participation sport.

Just how many women's leagues will enter the ladies' tournament a week later at Arlington Heights is unknown, though nine teams had already signed by Tuesday night.

Expected are 18-24 women's teams, which would mean 330 bowlers competing for twelve trophies and more than $500 in cash. At any rate, the tourney provides keglers with a chance of entering a tournament, many of them lower average bowlers who'd normally never consider it.

ANTIOCH AND PALATINE were the top teams in sports in the Northwest conference in 1954. Antioch's Sequoits tied for three championships, two major and one minor, when they were deadlocked with Grant with 11-3 records in the varsity basketball, tied with Ela-Vernon and Grant in frosh-soph basketball (12-2), and tied with Grayslake for the baseball title with a 11-3 record. Antioch took third in football and last in track.

Palatine won the track championship in both varsity and frosh-soph divisions. It was the seventh straight in varsity track for the Pirates.

They scored 78½ points to 44 1/6 for Glenbrook in second place and 23 2/3 for Bensenville who was third. Palatine took the frosh-soph track for the fourth time in the four years a league meet has been held. Palatine scored a record of 81 points to Glenbrook's 36, Bensenville's 24, and Antioch's 23. Palatine took the golf title the fifth time in a row with Glenbrook a close second. Palatine was third in varsity basketball, sixth with the frosh-sophs, and second in football.

★ ★ ★

GLENBROOK WAS LAST in varsity basketball but took fourth with the frosh-sophs. They were undefeated for the season in football in both varsity and frosh-soph, took second in both varsity and frosh-soph track, were second in golf, and third in baseball for a great year, their first in high school competition.

In basketball it was Grant's first varsity championship in the 25 years since the school was organized.

New Coach Ray Collier turned the trick, though a loss in the final game of the season to Antioch gave the latter a tie for first place. It was the second in a row for Dick Scott's Antioch Sequoits, who are currently making a runaway of the varsity race in the 1954-55 season with their 1954 champ team almost intact.

Bill Grenell of Grant and Jay Hook of Grayslake put on a real individual scoring duel through the season. Hook won out with 257 to Grenell's 242.

Glen Chaffin of Ela was third with 206 and Mike Haviland of Antioch fourth with 200. These four leading scorers plus Ben Floyd, the best all round player in the league and an all-conference selection in his sophomore year, were named to the first Northwest team. Alan Eck of Palatine, Gene Jaskot of Wauconda, Ken Sirotzki of Bensenville, Al Guetzloff of Grant, and Dennis Punches of Wauconda made the second team.

★ ★ ★

IN BASEBALL Jay Hook of Grayslake pitched his team to their first Northwest championship in any sport. Hook along with "Tinker" Meyer of Palatine was chosen to represent the conference in the Chicago Herald American's suburban all-star versus Chicago all-star post season baseball game. Antioch, with a well balanced team, tied with Grayslake for first in baseball with Glenbrook third. Palatine finished sixth and Bensenville was last.

Track saw Palatine continue to dominate the situation for the seventh straight year.

Norman Stenzel of the Pirates broke both hurdle marks with :15-2 in the highs and :21.1 in the lows. Stenzel qualified for the state meet in both events. Carl Nuss broke both weight marks, putting the shot 49' 1" and throwing the discus 146' 2½". Jim Hess, soph sprinter, ran the 100 in :10.3 for a new mark. Dick Cryer of Grayslake cracked the 440 mark with :52.7 and Gary Windells of Glenbrook tied the 220 record with a mark of :23. Other Palatine winners were Paul Hess in the 880 and Leonard Wiese in the mile.

★ ★ ★

IN FROSH-SOPH TRACK where Palatine took eight firsts and scored four or more points in each event there were seven new records. Leonard Rohde of Palatine broke the shot record with 46 feet, Carl Bondeson of Palatine broke the 880 mark with 2:12.7, Jim Hess of Palatine and Gary

Globetrotters Vs. House of David At Arlington

The Men's Club of the First Methodist church, Arlington Heights is proud to announce that they are bringing those merry madcaps of the basketball court — the incomparable Harlem Globetrotters, whose exploits over 28 seasons constitute one of the most exciting chapters of all sports history to Arlington Heights Monday night, January 17.

Boasting another of their great lineups of superb players and master showmen, Abe Saperstein's talented Trotters will headline a huge doubleheader program, playing the House of David in the second game at 9:00 p. m. Opening the gala bill will be the Kansas City Stars playing the Honolulu Surfriders at 8:00 p. m. Also featured will be some of the entertainers the Globies have taken with them on their numerous jaunts to all parts of the world.

★ ★ ★

SAPERSTEIN rates this Trotter unit with the best of the 27 that have preceded it. With such stars as Sam Wheeler, Bill "Rookie" Brown, and 6' 10½" Lee Garner, the club is blessed with height, speed, deception, great shooting ability and all the ball-handling magic and comedy finesse for which Globetrotter teams are world-renowned.

Last season alone, in ten and one-half months of activity, the Trotters won 423 games while dropping 7. This they accomplished by dividing their squad on several occasions and playing two different parts of the world at the same time.

Tickets for the huge show at the Arlington Heights high school gymnasium are available in advance at Kindlers Ice Cream Store and Lonr's Drug Store. Admission is $1.50 for adults and $1.00 for students.

Northwest Towns Sportsmen To Hear Director Of Conservation

Monthly meeting of the Northwest Towns sportsmen's club will be held at Palatine Legion hall Tuesday, Jan. 4, with Glen D. Palmer, director of the state department of conservation, heading the program.

Palmer will lead the evening's discussion, and will show a film titled "Honkers in Illinois." Light lunch will be served after the program, according to Larry Sebastian, pesident of the group. Meeting will start at 8:30 p.m.

St. Raymond Bowlers Hold Christmas Party

St. Raymond Holy Name Society Bowling league held its Christmas party December 22 in conjunction with bowling night.

Winners of prizes donated by local merchants: Vincent Rowland won the first prize, a turkey, donated by Meeske's Food Mart; Leo Faltz won the shaving set, donated by Van Driel Drugs; Bill Sommers won the telephone diary donated by Art Sturm of Safford Stamp Works; Art Sturm won the shaving set donated by Keifer's Pharmacy; Ed Graham won the hosiery donated by Strass Ladies Apparel, and Bert Beck won the haircut from John's Barber Shop.

Skier Breaks Leg

Larry Schroeder, youthful Arlington Heights skier, broke his leg in his final jump at Ishpeming, Michigan, Thursday of last week while training for future meets, just prior to leaving for Iron Mountain, Michigan, and more jumping.

Also working out with Larry were Dick and Dave Brodnan of Arlington Heights. All three boys are members of the Norge Juniors, the parent organization of which will hold its annual invitational jump at Cary the third Sunday in January.

The prettiest part of watching Palatine basketball games this year, other than the victory sign on the scoreboard, is the group of six varsity cheerleaders seen above. Pictured, clockwise, are Holly Lommen, Monnet Smith, Carol Harmon, Nancy Helfvogt, Betty Nielsen and Penny Richter. —Staff Photo

Black's Funeral Home proved the cinderella team of the Paddock bowling tournament at Arlington Heights Bowling Lanes in 1953, walking off with first place in spite of being a low average team. Shown with the happy smiles are, left to right, Jack Flaherty, Herb Hackbarth, Dick Black, Fred Jasper and Quinten Ford.

This year's men's tournament will be held Sunday, January 9, at Hi-Way Recreation in Palatine. Women's tournament among first place teams as of Dec. 25 in all women's league within the immediate area served by Paddock Publications will be held at Arlington Heights Bowling Lanes Sunday, Jan. 16. Eligible teams are urged to make time reservations as early as possible. Deadline for women's entries is Saturday, Jan. 1. —Staff Photo

Flaherty Cops Tourney Berth In Paddock Ladies Bowling

Ties for the Paddock bowling tournament, ladies division, are not unusual but action in the Lady Wheelers league at Arlington Heights Bowling Lanes Monday night was as close as any could wish.

Flaherty Jewelers and Schnell's Tavern had tied the previous week in league play. It took thirty women with thirty different ideas to decide to move a January night of competition up to December 28 so the two teams involved would meet on the same alleys.

★ ★ ★

SCHNELL'S TOOK the first game, headed by Berta Kost's 154 while the jewelers were no higher than the 130's. The Flahertys once again ranged from 118 to 133, but the tavern squad slipped to the teens and a couple of 100's.

It was all even going into the final game. Then Kay Schwartz, with an average of 122, hit 172 for high for the night, assisted by Jo Bencic with 146 and Helen Duenn with 144. The 44 pin margin was enough to assure the jewelers a berth in the Paddock Publications Inter-League Handicap bowling tournament, ladies division, slated for the Heights alleys Sunday, Jan. 16.

★ ★ ★

DEADLINE for entries in the ladies' division is this Saturday, Jan. 1. First place teams as of Christmas morning are eligible, though tourney promoters are leaving it up to league officers in each league to pick its own representative.

Another close race was decided the final night in Wednesday Ladies group in Arlington Heights where Arlington National Bank led Krause Market by a half game on the correct night.

Ironically, the women's team sponsored by Paddock Publications almost knocked Arlington Bank from the tourney by winning the first two games last week before succumbing.

ENTRY BLANKS for the tournament have been provided alley managements at the five participating establishments. They can also be obtained at Paddock Publications office in Arlington Heights. Squads will roll at 1:00, 3:30 and 6:00, with time reservations going fast. League secretaries or team captains are urged to reserve a time as early as possible.

Women's teams and leagues already "signing in" include:

Powder Blues of Monday Blues league, Palatine.

Behm's of St. John Lutheran Ladies league, Wheeling.

Chaban's of Wednesday Night Ladies league, Bensenville.

Van Driel's of Mt. Prospect.

Flaherty Jewelers of Lady Wheelers league, Arlington Hts.

Palatine Drugs of Lazy Lofters league, Palatine.

Zimmer Hardware of Jinx league, Palatine.

Eleanor Bake Shop of Women Keglers league, Arlington Heights.

Adding a sharp shooting eye towith 16 points and since that time the Ripon college cage five thishas chipped in with high scoring season will be Ron Pellberg,performances in other games. Arlington Heights The senior for Ron is the son of Mr. and Mrs. ward led Ripon scorers in theirMarvin Prellberg, 114 S. Pine. first game against the alumniArlington Heights.

Arlington's John Sujack 2nd In West Suburban Scoring

Anderson of York leads the individual scoring of the West Suburban basketball race as the holidays stop play until January 8 with 31 baskets, 26 free throws, for 88 points. In second spot is Arlington's John Sujack, who has averaged 20 points a game for 79 scores.

John has counted 23 times from the field, and 33 at the free throw line.

Also in the 70's are Whitehead of Glenbard with 71 and Dennis Krause of Hinsdale with 70. The Cardinals' Dennis Maher is up near the top, too, with 55 scores to date.

WEST SUBURBAN competition will open again Friday and Saturday of next week with a double weekend on tap. Arlington will travel to Riverside Jan. 7, then come home to meet York the following evening.

Other games that Friday include Hinsdale at Glenbard, LaGrange at Maine, York at Downers. Following night will find Hinsdale at LaGrange, Maine at Downers and Riverside at Glenbard.

12 Hours of Competition At Palatine Jan. 9

by BOB PADDOCK

Forty-two teams, 210 bowlers, are getting ready to shoot the works Sunday, Jan. 9, with six trophies and almost $300 in cash up for grabs in Paddock Publications fourth annual Inter-League Handicap bowling tournament.

Firing will commence promptly at 1 p.m. that day, and continue until the last squad finishes almost 12 hours later.

In between four squads of ten teams each will try their luck, with a final twosome hitting six alleys at 10 p.m. The house is certain to be packed during most of the day with wives, fans and friends watching their favorite keglers.

★ ★ ★

HOTTEST TEAM in the meet will be Haseman Truckers with a 902 average. Sponsor was champ the first year of the tournament, with two of the bowlers at that time still with the team. Warren Perry, a member of that champ team in '52, was forced to quit bowling due to ill health and has been replaced by Vincent Shubat, a 183 man.

Number two on the hit parade is Haberkamp Flowers of Mt. Prospect Businessmen's league with an 874 average. Norman Pohlman is high man on this squad with 182 mark, followed by Clarence Henkel and Alvin Hedke with 178's, Melvin Krueger with 175 and Elmer Hedke with 161.

★ ★ ★

THEN COME The Tipsters of Northlake Cement league bowling at Bowlwood with 864; Union Hotel of Friday Scratch league at Wheeling with 842; Miller High Life of Wood Dale Scratch league with 834.

Also near the top are Palatine Bank of the local Major league with an 831 figure; Old Style Lager of Wednesday Men's loop at Wheeling; State & Rand of Friday Men's league at Arlington Heights with 809; Bel Mar of Palatine Sportsmen's loop at Palatine with 809; and Standard Service of Bensenville Merchants league with 806.

★ ★ ★

THE OTHER END of the line has Kruse's Tavern team of Mt. Prospect Men's club league reporting in at 690, with the handicap helping even things. Seventy per cent handicap for 1,000 for each team, 500 pin limit, is the technical part of the tournament, with keglers to roll three games across six alleys. Exact time and starting alleys will be published in next week's sports pages of all eight Paddock Publications.

Time requests have been followed as close as possible, with either league secretaries or team captains already informed as to this detail.

Cooperating alleys in the double tournament, men's at Palatine January 9 and women's at Arlington Heights January 16, are Trausch-Linden Recreation in Bensenville; Bowlwood at Wood Dale, Wheeling Bowling Lanes, Mt. Prospect Bowling Lanes, Arlington Heights Bowling Lanes and Hi-Way Recreation

Severance Has 25 Pt. Lead In NW Scoring

Ten Northwest conference cagers are way out in front in the individual scoring statistics released this week. George Severance has a 25 point lead on the field with 126 points in five games for a 25 a game average. His main challengers, Bob Boyd of Glenbrook and Ken Sirotzki of Bensenville, fell way behind in the final game before the holidays. Boyd has 101 and Sirotzki 100. This pair has a 13 point lead over the rest of the field.

Seven other outstanding performers are closely bunched behind these leaders. Gene Jaskot, Wauconda star, has 88; Bob Bein, in his third year as a varsity regular at Grant has an 87 total while all-league guard, Mike Haviland of Antioch is right behind with 83.

★ ★ ★

SEVENTH, EIGHTH, and ninth positions are held by Palatine players. Dave Nesset, six foot four forward, has 79; Alan Eck, second all-league guard last year; and Dave Schutz, six foot two center and Palatine's most improved player are tied with 75 points. Ben Floyd, all-conference the past two years on Antioch's championship teams has 74 points.

A big gap from 10th to 11th from 74 to 56 points finds the following within the 50 point bracket: Ken Schuties of Glenbrook 56, Jack Stoddar of Glenbrook 54, John Goetz of Palatine 53, Warren Brownlee of Antioch 52, and six foot Ed Opisz of Wauconda 50.

★ ★ ★

SEVERANCE LEADS in field goals with 44 followed by Jaskot and Haviland with 37. Severance also holds a record of two 30 point games. Boy Boyd also has one 30 point effort. Ken Sirotzki, the midget Bensenville guard who also shifts into the center pivot spot on occasions leads in free throws with 50. Boyd of Glenbrook is second with 45 charity points.

Arlington Loses To St. Ed And Danville In Tournament

Arlington Heights wound up with fourth place in the St. Edward holiday tournament after Danville made a successful drive for victory in the final period of play Tuesday.

Danville's 64-52 win gave them third place in the tournament.

Arlington led in the first quarter, 16-8, and was still ahead at half-time, 28-22. Danville caught up with the Cardinals in the final minute of the third period and sliced the Heights lead to 48-47. At the close of a fast, well-played final period Danville had outpaced Arlington, 64-52.

CARDINAL Bill Randag led all scoring with a high of 22 points. Larry Farley was high for Danville with 16.

Denny Maher, game captain, accepted the fourth place basketball award for Arlington in post-game ceremonies.

Three consecutive free throws by Jim Hirsch in the final 15 seconds Tuesday pulled Crystal Lake from behind and gave the North Suburban league club a 52 to 51 triumph over Elgin St. Edward in the championship game of the third annual St. Edward holiday basketball tournament. The loss was St. Edward's first in nine starts.

Crystal Lake outscored the host team in the final period, 17 to 5, at St. Edward missed seven of 10 free throw attempts. Joe Rogers, with 12 points, topped Crystal Lake's scorers. Elgin's Bill Thee tallied 18 points.

Danville, led by Larry Farley's 16 points, whipped Arlington Heights, 64 to 52, for third place honors.

AN INADEQUATE scoring punch cost Arlington Heights cagers another game Monday night in the St. Edward holiday cage tournament as the Cardinals bowed to St. Ed, 73-50.

Seven points the second quarter, 11 the third, made the difference of 23 points good enough for St. Edward to continue its unbeaten streak for this year. Arlington started good, tallying 13 points the opening period to St. Ed's 14.

Final stanza found Coach Howard Lester's boys outscoring their opponents by one, but the damage was done.

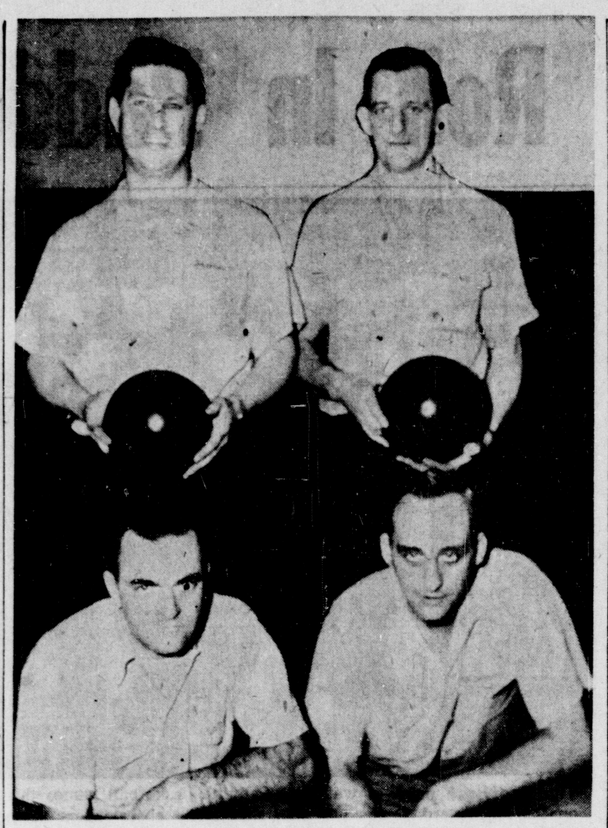

ACTUALLY the locals had more shots at the basket, 61-52, but the Cardinals made only 28% of their attempts. St. Ed made good on 54% and therein lies the tale. Heights made 16%, 5 of 32, those two important periods.

Once again scoring was fairly evenly divided. Sujack and Maher each made four baskets, with Striegel and Randag each counting thrice from the field. With free throws added, Sujack had the highest total with 17 points.

The first champs in Paddock Publications Inter-League Handicap bowling tournament are shown above, four-fifths strong. Kneeling are Carl Huber and Warren Perry. Standing are Irv Hahnfeldt and Marv Perry.

Haseman Tuckers will be back this year, again representing the House league in the tournament at Hi-Way Recreation, Palatine, Sunday, January 9. Hahnfeldt and Marv Perry are still with the team, though Warren had to drop out due to health reasons. Irv will probably be the top average individual in the tourney with a 193 record in competition this year.—Staff Photo

Barrington Renews Cage Mastery Over Palatine

Basketball relations were renewed Wednesday night between Barrington and Palatine after a lapse of several seasons and the Bronchos, on their home court, carried on where they left off in their last meeting with the Pirates. The count now must be at least 10 or 12 straight times the Bronchos have whipped Palatine in a row and this time it was by a count of 64-51.

Neither team played as well as in games of the past two weeks. Barrington took the preliminary in much more one-sided fashion than a 49-21 score would indicate.

Palatine's varsity made a battle of it except for a three minute period early in the last quarter. They could not hit at the start and got behind 13-7. Both teams were tense and jittery, and misplays were common in the first period. John Goetz and Alan Eck started hitting in the second quarter holding the Bronchos even for a 26-20 half time count. Craig Oberst had nine points for Barrington in the second period. Schutz had eight and Nesset seven in the third period for the Pirates but Wayne Miller's eight points kept the Bronchos on top, 44-39.

* * *

EARLY IN THE last period Barrington ran up a 17 point lead and breezed in though Goetz led a Palatine rally which narrowed the gap to 13 points. The difference in score was easily made up of points scored by the Bronchos on fast breaks when they got down court ahead of the Palatine guards.

Wayne Miller starred on the fast break, scoring 21 points and Craig Oberst, Broncho center, put on a skilful exhibition of how to rebound and how to shoot as he hit nine from the field and totaled 21 points.

Palatine had the taller team but Oberst's fine work off the boards at both ends nullified this advantage. Palatine's big four got all their points with Eck 14, Goetz and Nesset each 13, and Schutz, handicapped by an injured shoulder, getting 11. Lack of reserves cost Palatine a chance to give Barrington a close balll game.

BARRINGTON'S frosh-sophs toyed with a cold shooting Palatine team, leading 10-0 at the quarter and 30-3 at the half. Substitutes played the entire second half for Barrington and many changes were made in the lineup after the first quarter. Barrington had a decided edge in ball handling, rebounding, and maneuvering for good shots.

Ten boys scored for Barrington with Thorpe getting 14 and Brandt 10 though both played only about half time. Danforth and Segebrecht were the only Palatine players to get two field goals and Pat Glynn's six points was the best scoring total.

Sugar Bowl Aims At Army And Notre Dame For Future Dates

The men behind the New Orleans Sugar Bowl are looking beyond this coming New Year's day. They are aiming for Army as one of the 1956 attractions, and for Notre Dame in 1957. With Navy having accepted a 1955 Sugar Bowl invitation, the Mid-Winter Sports Association, which sponsors the game, feels justified in keeping its sights high.

The general manager of the Sugar Bowl, Fred Digby, put it this way in a talk with a writer of the Sporting News. "The midshipmen have broken the ice, and we won't give up until we land Army and Notre Dame in the future. We feel we have definitely vindicated our resistance to any and all bowl tieups. We are the last major stronghold for the independents."

* * *

DIGBY and other bowl officials denied emphatically that Notre Dame had ever approached the Sugar Bowl with an idea for a five-year pact between the Irish and the New Orleans sports enthusiasts. "Such an agreement," Digby said, "would have shut out other independents and that's just what we don't want. We are interested only in bringing to New Orleans the very best grid attractions possible.

"There are plenty of strong independent teams around the country, and the East is coming back. Any tie-up with Notre Dame or other schools would spoil our efforts to bring these teams down to our game."

* * *

THE NEW ORLEANS sportsmen feel that, with Navy accepting a bid this year, it would be virtually impossible for Army to turn down an invitation next year. As for Notre Dame's acceptance, there's some basis of hope there because Notre Dame has already agreed to letting its basketball team play in the annual year-end tournament in New Orleans this year.

The Sugar Bowlers are proud of their independence. The Rose Bowl has a contract with the Pacific Coast Conference and the Western Conference, and the Orange Bowl has a closed pact with the Atlantic Coast conference and the Big Seven conference. The Sugar Bowl does have an understanding with the Southeastern conference, and each year picks the winner of this group for a New Orleans bid. But there's nothing air-tight about this understanding.

There was some agitation for a tie-up between the Southeastern and Southwestern Conferences, but the Sugar Bowlers turned down the idea. "We were skeptical of this as a steady diet," Digby said "There are too many available eastern and northern teams to deprive them of a chance to play in the Sugar Bowl."

* * *

WHEN NAVY accepted this year—the first time for a post-season clash since 1930—the Sugar Bowl patience was rewarded. And the acceptance bolstered hopes of bringing Army and Notre Dame down there eventually.

The Sporting News points out that the Sugar Bowl game on New Year's day will be the only Bowl contest presenting champions. Navy is an eastern champion and its opponent, Mississippi, is tops in the Southeastern Conference.

A big inducement the Sugar Bowl can offer, said Digby, is that its pay check generally is about $160,000. An independent school, he said, gets to keep it all.

Wheeling Blackhawks Bow Out In 2 Cage Tournaments

Wheeling Blackhaws fell by the wayside in both the Loyola Park and Evanston Christmas tournaments last week. In each case, one bad quarter in each game proved to be the downfall. At Loyola, the 'Hawks found themselves on the short end of 13-10 score at the end of the first quarter.

Then came the fatal second period of play where the locals were able to score only two field goals and two penalty shots, while their opponents, St. Ann's, hit for 15 markers to hold a 28-16 half time lead.

* * *

AFTER AN EVEN third quarter that saw St. Ann's maintain their 12 point lead, the 'Hawks started to move. Trailing 38-26. the 'Hawks cut their deficit to only 3 points when Father Time ran out on them. The final score being 43-40.

Individual standouts of the game were Zitnik of St. Ann's, who hit for seven field goals and three free throws for 17 points; Gordie Busse and George Newman of the Hawks, the runners-up with 13 and 12 points; and Hans Schmidt, the defensive stand-out of the game, who permitted the high scoring Zitnik to score only two baskets the entire second half.

* * *

IN THE EVANSTON tourney last week, Thursday, the 'Hawks played a good first half to hold a 26-24 lead at the intermission. In the third quarter, the locals increased their lead to four points with a minute remaining in the period. However, Jamar and Olmens of Glenview scored three baskets from the field to take a 41-39 lead into final quarter.

This proved to be the "backbreaker" for the 'Hawks, as Glenview ran up 26 points to the 'Hawks 9 to take a decisive 67-48 win. The scoring leaders of the game were Black and Smith of Glenview with 22 and 16 points respectively. George Newman and Gordie Busse paced the 'Hawks with 18 and 15.

* * *

The 'Hawks' loss in the Loyola tourney was their first in their last 18 games, and coupled with the Evanston tourney loss, the 'Hawks season record is now 2-2. Their next scheduled game is at Woodstock on January 11.

The 'Hawks also have suffered two staggering blows to their personnel to date, when 6' 7" Ronny Damgaard dropped out due to a re-occurance of an old knee injury, and 6' 6" Mel Berlin came up with stomach trouble that may sideline him for the remainder of the season. Also, the 'Hawks can expect the departure of George "Boom-Boom" Newman around January 24, when he is scheduled for induction into the armed services.

Trotters To Oppose Lakers At Stadium Monday

Chicago's own internationally-celebrated Globetrotters will introduce several new players to their home fans at Chicago Stadium Monday night, January 3, when they headline the season's final professional double-header basketball program against the Washington (D. C.) Generals. led by seven foot Bill Spivey, the former University of Kentucky All-American. Opening the gala twin bill at 7:30 will be a National basketball association tilt between the champion Minneapolis Lakers and Philadelphia Warriors.

Andy Johnson, former University of Portland (Ore.) All-American, voted the outstanding cager in the military service ranks last season, is one of the new Trotters. The others are Ken McBride, former Maryland State all-around athletic ace, and J. C. Gipson, moving up from another Trotter unit.

* * *

THEY JOIN such favorites as Reece ("Goose") Tatum, Walter Dukes, Leon Hillard, Ermer Robinson, Josh Grider, Clarence Wilson and Bill Garrett. Besides the great Spivey, the Generals, one of the nation's fore-most pro fives, boast another All-American in little Bennie Purcell from Murray (Ky.) Sacrifice Flies

The restoration of the sacrifice fly rule didn't mean much to the Cincinnati Reds last season. According to The Sporting News, the Reds broke even with their opponents. They hit 51 sacrifice flies, and opposing players hit 51 against them. However, the team batting average did profit. Without the rule it would have been .259. With the rule it was .262.

The tax, representing five cents per $100 in assessed valuation, will provide about $10,000 a year for operation of a community recreation program in Zion.

Antioch Drubs Dundee, 61-44

Antioch drubbed Dundee, the leading team of the Little Seven conference Wednesday night, 61-44. The Sequoits led 49-33 going into the final period and after a close first quarter were in complete command of the situation. It was Antioch's 10th straight victory of the season without defeat. Dundee took the foosh-soph preliminary game 52-25.

Ben Floyd and Mike Haviland, the boys who show up best against real tough competition, had high nights against deLacey's Dundee Cardinals. Floyd got 10 field goals and two free throws for 22 points while Haviland parted the meshes for 12 from the field and three charity tosses for 25 points. Warren Brownlee got eight points and the rest came on a basket by Clarke and one by Davis. Dobler led Dundee with 17 points.

Senior Trio To Carry Hopes Of NU Cagers

A trio of seniors, Frank Ehmann and Hal Grant, forwards, and Capt. Walt Stoeppelwerth, guard, will carry Northwestern's hopes for a successful basketball campaign when the Wildcats launch their Big Ten season against Minnesota at McGaw memorial hall, Jan. 3.

These three along with sophomore guard Dick Mast, provided the scoring punch as the Wildcats compiled a 3-2 record in their first five practice games. Ehmann topped the scorers with 106 points for a 21.2 average followed by Grant with 100 points and a 20 point average.

* * *

NORTHWESTERN'S record to date includes victories over Western Michigan, Tulane and Louisiana State while bowing to Notre Dame and Butler. The Wildcats have averaged 75.6 points per game against 68.8 for their opponents.

Biggest problem confronting Coach Waldo Fisher in rounding out a first string combination is at center where a pair of rangy sophomores have been sharing the assignment in early games. The newcomers are Bill Schutz, 6-11, of Hebron, and Phil Bromberg, 6-7 of Chicago.

* * *

BOTH CENTER candidates have looked impressive at times, especially on rebounding, but have not contributed extensively to the Wildcat point total. Schulz has scored 13 points and Bromberg 12 in the first five games.

Ehmann and Grant who ranked among the top 10 scorers in the Big Ten last year, are the big guns in the Purple attack, having scored nearly two thirds of Northwestern's points between them so far this season.

Ehmann's 21.2 scoring pace is ahead of his performance last year when he averaged 18.2 points for 21 games. The sharpshooting towhead boosted his average considerably by amassing 30 points against Louisiana State. Grant's top scoring performance was a 27 point effort against Western Michigan.

Carthage Cager

Thomas Bowersox of Arlington Heights, a sophomore at Carthage college, is a member of the college's varsity basketball squad. The 6'4" student plays forward with the Redmen which currently hold a 3-2 won-loss record.

He is the son of Mr. and Mrs. W. T. Scott of 1530 Shermer Ave. Northbrook. (S

Candidate For Yale Frosh Wrestling Team

David A. Brant, of Arlington Heights is currently a candidate for the 1954-55 Yale university freshmen wrestling team.

Brant prepared for Yale at Arlington Heights high school where he participated in football and track. He received sectional recognition in both wrestling and football. In addition, he was president of the student council.

At Yale Brant is planning to major in chemistry with a career in chemistry in mind. He resides at 615 Mayfair rd.

The freshmen matmen open their seven game schedule Saturday, January 8, against Columbia in New York.

DeKalb Wrestlers Are Optimistic, To Rely On Bob Schulze

A veteran wrestling roster at Northern Illinois State Teachers College has given Huskie fans high hopes for an IIAC championship this winter. Coach Bob Kahler expects to field a team of six regulars from last year's squad and three promising freshmen. Another pair of yearlings, eligible during the second semester, will strengthen the squad in February.

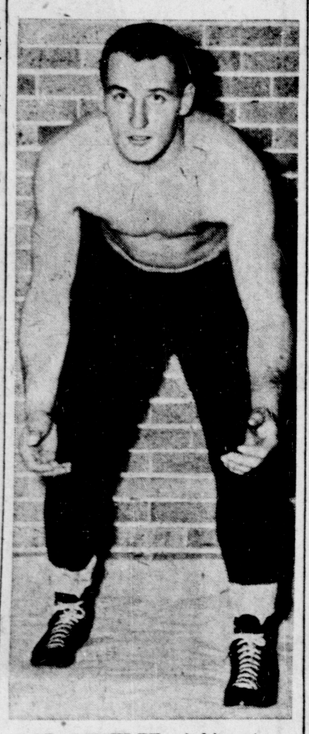

Kahler can call on three defending league champions from a team that placed second behind Illinois Normal by one point in the 1953-54 IIAC meet.

Al Hopkins, a Chicago senior and 147-lb. titlist last year, is captain of Kahler's veteran squad. Bill Meredith, an Oak Lawn junior, has captured the league 137-lb. crown the past two years; while Jim Grady, another Chicago senior, defends his title at 157 lbs. An ex-IIAC champion is senior Bob Schulze of Clarendon Hills, formerly Arlington Heights, who won the 177-lb. crown as a freshman.

Other starters include Jim Murawska, a sophomore from Leyden, at 167.

Freshmen expected to hold regular berths include John Davison of York at heavyweight. Transfer student George Olson, a freshman from Maine, rates high at 147 lbs.

Although the Huskies do not have their first regular match until Jan. 13, when they face Wheaton at DeKalb, seven of the team have already seen action at the Illinois college meet. Meredith and Schulze turned in the best performances, reaching the semi-finals.

BOB SCHULZE, Arlington Heights graduate now calling Clarendon Hills home, is number one wrestler at 177 pounds at DeKalb college. He won that crown in IIAC three years ago as a freshman.

Wins DePauw Numeral

Kenneth Lemke, DePauw university football player from Arlington Heights, has been awarded freshman numerals for the 1954 season, according to athletic director James C. Loveless.

Lemke is the son of Mr. and Mrs. Ray H. Lemke, 416 S. State Rd., and a graduate of Arlington Heights high school.

Next year's football schedule, the first nine-game card for De Pauw in 33 years, includes two new opponents—Butler and Beloit. The Bengals also will meet Evansville, St. Joseph's, Ball State, Oberlin, Indiana State, Valparaiso, and Wabash.

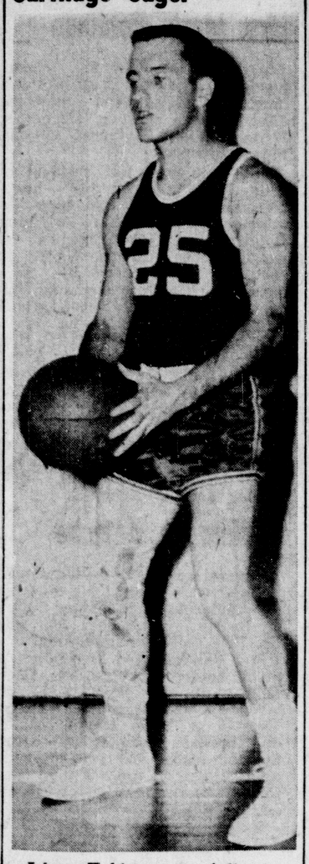

With Cornell Wrestlers

Bob Funston, son of Mr. and Mrs. C. G. Funston, 510 S. Northwest Hy., Palatine, a senior, is a member of the Cornell college varsity wrestling team for the 1954-55 season.

The squad faces a rugged schedule including powers such as Kansas State, Iowa Teachers, Minnesota, Purdue, and Colorado university. In the light of the tough slate, head coach Chuck Bryant stated, "We'll be happy to finish with the same record as last year (6-3 in dual meets)."

Six veterans have returned to pace this year's squad and with the aid of some promising sophomores the team could be a powerful one.

Carthage Cager

John Eakins of Arlington Heights, a sophomore at Carthage college, is a member of the college's varsity basketball squad. He plays guard with the Redmen which are currently holding a 3-2 win-loss record.

He is the son of Mr. and Mrs. G. M. Eakins of 407 N. Chestnut St., Arlington Heights. (S

Arlington Sailor On Champ Touch Service Football Team

Victor of the 1954 Atlantic fleet touch football championship held the first part of December is the navy air force Atlantic fleet football team, of which Edward Kostka, aviation metalsmith, third class, is a member.

Undefeated during season play, "AirLant" captured the northern area and navy-air force championships before scoring three straight wins to take the fleet title. Kostka played end for the team, which defeated representatives from the fleet marines, destroyer, battleship-cruiser and amphibious forces.

The first place trophy and individual inscribed desk pen sets were presented to the team by Capt. M. B. Williams, assistant chief of staff to commander air force, U.S. Atlantic fleet.

Son of Mr. and Mrs. Jospeh Kostka of 209 N. Dunton, Arlington Heights, Kostka learned his football at Arlington Heights high school and Northern Illinois state teachers college.

Frosh Bill Grenell Pacing DeKalb JV's

Pacing the Northern Illinois State junior varsity basketball team this year is freshman guard Bill Grenell of Grant. The former Northwest Suburban all-conference star has averaged 24 points in the Pups first three games.

The JV squad has a 2-1 record, defeating junior varsities from Wheaton and Whitewater (Wis.) State and losing to Beloit.

Windells of Glenbrook tied for a :10.4 mark in the 100 yard dash, Tom Philiben of Bensenville broad jumped 19' 9" for a new mark and won the 440, Dick D'Hooge of Bensenville won both hurdles and a record :09.8 in the 70 yard highs, Tom Sickinger of Glenbrook set a mark of 117' 1 3/4" in the discus, and Palatine's 440 relay team of Steve Cornwell, John Dilks, Bruce Anderson, and Jim Hess set a record of :48.1 in the soph event.

In golf the Palatine team won with a total of 311 to 315 for Glenbrook. Pete Abramson of Palatine was medalist with a 76, beating out teammate "Tinker" Meyer by one stroke after the latter had been low man three years in a row.

Meyer won a playoff with Paul Haber of Glenbrook for second when they were tied with 77. Dick Youngberg beat John Goetz of Palatine in a play off when the two tied at 78. Noel Anderson and John Goodwille of Palatine and John Dodge and Duane Harms of Glenbrook had 80. Bensenville took the team third place with a total of 363.

IN FOOTBALL Glenbrook was a winner all the way with a 7-0 victory at Palatine the close game on their record and Palatine's only defeat. Boys named to the all-conference teams, offense or defense were: Dick Hildebrandt, Tom Hillesheim and Alan Eck of Palatine; Jerl May, Tom Gavin, Larry Borre, Bob Boyd, John Svieven, Ken Schmidt, and Dave Corso of Glenbrook; Harry Lindgren, Allan Masopust, Jim McMillan, and Bill Gallagher of Antioch; Larry Laske of Grayslake; Lee Bathrick and Don Walsh of Ela-Vernon; Wayne Sword of Wauconda; and Bob Klaus of Grant. Bob Boyd was high individual scorer in the conference trailed closely by Alan Eck of the Pirates.

Outside conference activities Palatine won their own Palatine Relays in class "B" for the first time since 1943, though they failed to win a first place but did win points in 11 of 13 events.

The Pirates scored 56½ to Mooseheart's 44 among 20 "B" entries. Glenbard won the "A" division over 17 opponents. Arlington was 8th with 14½ points scored by Dick Winterbauer and Dick Michalske. Winterbauer broke shot and discus records with 56' 3 3/4" and 163' 3½". Palatine also was second in the DeKalb invitational relays in a field of 14 schools and broke the two mile medley relay record with a mark of 8:50. Palatine runners were Carl Bondeson, Dave Cornwell, Paul Hess, and Leonard Wiese. Only Paul Hess was a senior. Palatine lost more cross country runs than they won last fall but Leonard Wiese was a consistent winner and qualified for the state meet.

★ ★ ★

PALATINE in their second season of wrestling won more than they lost and had outstanding grapplers in Ronald Bessemer, Hans Wehner, and Karl Grant. Bessemer lost only twice during the season. In the 1954-55 season Palatine was undefeated as the year 1954 came to a close.

Palatine won the sleigh bells trophy after nine straight defeats to Arlington Heights last January but before the year 1954 was out the trophy was back in the Arlington case as the Cards whipped the Pirates in a pre-Thanksgiving Day game at Palatine.

It made 15 wins in sleigh bells competition for the Cards compared with five for Palatine.

Hot Finish Gives Grayslake Victory Over Maryville, 71-65

Grayslake won their second game of the season with a hot final quarter which carried them to a 71-65 victory over Maryville of Des Plaines last Wednesday. Grayslake trailed until the last four minutes of play. Ray Vanderspool and Ken Moran scored 22 and 17 points respectively to lead the Rams attack. Grayslake tallied 22 in the last eight minutes to their opponents' 12 to snatch the victory. Grayslake also took the frosh-soph game 43-39. Bob Crone of Maryville tallied 31 points in a losing cause.

New Seats Installed At Catlow Theater

Installation of new seating in the Catlow theater, Barrington, has been completed, Manager Wright Catlow has announced.

"Our New 'Bodiform' Chairs will give the Catlow the finest and most comfortable theater seating found anywhere in the country,'" said Mr. Catlow.

"These new chairs are constructed on a scientific principle of posture control and have comfort advantages never before built into theater chairs. In addition, they eliminate clothes soiling and tearing hazards often found in old types of seating.

Because of the compact Bodiform design, extra knee-room is provided for passing. Self-folding seat action permits free use of hands to hold hat, coat and packages.

Barbecued Venison

If you fail to drop your deer dead in his tracks, don't chase him! Once fright starts adrenalin pumping through his system, his lasting powers are vastly extended and chasing an animal so excited for several hours can make the meat unfit to eat. Sit still for 20 to 30 minutes, then follow the blood trail. You'll get your animal just as quickly and in better condition!

Barbecued venison is a treat you won't soon forget and here is how it is done. Sear a 2½ to 3 pound piece of venison in hot grease, cover with barbecue sauce and bake in a moderate oven (350 degrees) for 2 hours.

Make your sauce by mixing 1 cup catsup with ½ cup chilli sauce, add ¼ cup vinegar, 3 tablespoons Worchestershire sauce, 2 tablespoons prepared mustard, 2 tablespoons butter, 1 tablespoon salt, 1½ tablespoons lemon juice, ¼ teaspoon cinnamon, ¼ teaspoon allspice and ½ cup chopped onions. Simmer several minutes before placing on meat.

Audience gave an involuntary burst of applause last Wednesday night when the curtains parted to reveal a star-studded blue heaven, fringed with fleecy white clouds and peopled with the most angelic little cherubs imaginable. On the stage, surrounded by a golden fence, was seated the white-bearded gate-keeper, clothed in a rich, red robe. Even the carolers, who were grouped at the back and side of the stage, were utterly fascinated by the action on stage as John Ramsey read so beautifully the moving story of a bewildered, lonely little angel, known as "The Littiest Angel." The story told of his mishaps and unhappiness until he once again had his most prized possession — a small box of his treasures which had been left behind at home. When the time neared for Jesus to be born, all Heaven was busy, preparing gifts for the Christ Child. The Littlest Angel had nothing to give but his little box, and he shyly placed it upon the altar among the many beautiful gifts. The box looked ugly and shabby there, and he was wishing that he might retrieve it when the Hand of God passed over the array and chose his gift as most acceptable. The box became radiant, and rose to shine in the hearts of men for all time as "The Star of Bethlehem."

Members of the cast on stage who did such a fine job in their respective roles, were: Jerry Sullivan as "The Littlest Angel," Michael Lipnisky, as the Gate-Keeper, Joe Wehlacz as the Understanding Angel, George Grossi as the Fleet-winged Messenger, Patricia Zschach as the Wing Maker, Robert Christianson as the Halo-Smith, Weldon Gerstung as the Arch-Angel, Donna Murphy as a Seraphim, Betty Brewer as a Cherubim and Richard Unger as an angel. The Heavenly Choir were Betty Messner, Judy Olson, Carol Milos, Richard Kleinke and Betty Broberg. All the other pupils of the Feehanville school were in the Carolers' group.

Mrs. Frank Sullivan and Mrs. Kenneth Karnuth, under whose direction the play was produced, are to be congratulated for the truly impressive success of the play. Mrs. Karnuth wishes to extend thanks to Mrs. Badalamenti for her help in making costumes, to Mrs. C. W. Flink and Mr. and Mrs. W. Cavett for their help with the scenery and to Miss Idyl Nipper for her aid in getting the chairs and stage properties delivered to the Community house.

After the play Janet Sandquist, Elaine Hanson and Robert Levine worked together, dispensing soda pop and cookies to the children, to be enjoyed while they watched the movies. Mrs. Val Barton, Mrs. Helen Huege and Mrs. Hanson served coffee and cookies in the annex to the adults. Cookies were donated by many members of the PTA.

After the movies were over, Miss Micucci led the youngsters in singing "Jingle Bells" while waiting for Santa Claus to come and give bags of chocolate to the children. Irwin Phar made such a jolly and convincing Santa Caus, he was almost mobbed in the excitement when he entered with his big pack on his back.

Feehanville PTA wish to extend their sincere thanks to the many, many people who were so generous with their time and equipment, among them are the following: Forest River Home Owners' Civic Association — Hall and Facilities. Miss Pat Miccuci — pianist; Mrs. Irwin Phar—background music, records; Mrs. E. Mueller — Santa Claus costume; Kenneth Karnuth—lighting, movies, and Miss Ruth Smith—programs.

And a special vote of thanks to our Feehanville school teachers, Mrs. Hazel Cavet and Miss Dolores Levis, whose cooperation and planning made the entire program possible.

Brownies

Brownies had their Christmas party last week Tuesday. They exchanged gifts in the grab bag manner, and had refreshments of ice cream and cookies. They brought home the gifts they had made for their parents—snow-man earrings for mother and ash trays for father.

Forest River Church

Last Thursday night was truly children's night at the Forest River church when the Sunday school had their Christmas program. The youngsters all did so well with their pieces. The program opened with a word of welcome from Emert Roos, superintendent, and little Ronald Roos said a welcome poem. Dorothy Hartwig conducted a beginner's quiz with her class of tiny ones, and Stephen Roos delivered a little "Merry Christmas" piece. A 4-part poem, "Around the Christmas Tree" was recited by Georgia Campbell, Jackie Shimmin, Tommy Kramer and Gale Henning. "The Secret" was given by Howard Strahlendorf. Gale Best Jr., Janet Hartwig, Debbie Roos, Beverly Young and Pamela Pingrey each spoke in a four-part poem, "My Gift to Jesus." Sandra Gerstung and Cathy Condie told how "I Love Christmas" in verse. "Out of a Manger" was a two-part piece given by Dennis Lipniski and Dwight English. The congregation also took part in the program as they joined in on the singing.

Attendance awards were given out to the following people who had had perfect attendance: One year awards: Faith Best, Gale Best Jr., Gale Best Sr., and Winifred Best. Barry, Carl, Larry, Ruth and Terry Bischof, Janet and Paul Hartwig, Jeanne and Tommy Kramer, Barbara, Bonnie, Dotty Mae, Robert and Susan Levine, Carol and Ruth Levine, Judy Lipnisky, Marlene Olson and Robert Martens. Second year awards were Debbie and Phil Roos. Third year awards were Stephen Roos and Jackie Shimmin. Fourth year awards were Cindy and Sharon Shimmin. Sixth year awards were John and Elaine Hanson. Tenth year award was given to Janet Sandquist.

The play, "What Do You See in the Manger?" was given after the awards were presented. The four readers, John Hanson, Ruth Levine, Bonny Levine and Robert Martens had memorized their parts and told the Christmas story beautifully. Joseph was portrayed by Phil Roos and Mary by Janet Sandquist. The three shepherds were Larry Bischof, George Grossi and Buster Levine. The three wise men were Weldon Gerstung, Michael Lipnisky and Raymond Olson. The play was almost entirely in pantomime, except in the last part, where the members of the cast answered the question "What Do You See in the Manger?"

There will be Watchnight services at the church New Year's eve. They are planning to meet at 9 o'clock for refreshments and a time of fellowship. Rev. Pierson said "Watchnight services will start at 10:30, and it will be a time of counting our blessings of the past year and accepting the challenge of the coming year. We are planning on a musical program, and there will be communion services."

Stockade had their Christmas party last week Wednesday. They brought gifts to exchange, and they, too, brought home the gift they had made for their mother—a string holder.

Pioneer girls had their Christmas party last week Tuesday. The girls had been working many weeks in secret on their projects—and brought their gifts home to be presented at Christmas. The made rick-rack earrings and necklace, and a planter in which they placed an ivy plant.

T.F.C.S. is planning to attend the WGN studios on Saturday, the first of January, to see the radio program, "Unshackled."

Teachers' training class on Friday nights will begin a new course of study on January 7. This is open to anyone interested in Bible study, and the only cost would be a purchase of a manual. The first meeting will be at the Bischof home at 8 o'clock and meetings will thereafter alternate with the Levine home.

Carollers who made such beautiful music on Christmas eve were Rev. Clara Pierson, Ruth Pierson, Robert Roos, John Hanson, Robert Martens, Paul Meyer, Robert Levine, Ruth Levine, Mrs. Toth, Red and Ruth Bischof, and Mrs. Gladys Ambrose and Miss Rolla Ambrose, mother and sister of Ruth Bischof, who were spending Christmas with the Bischofs. After strolling through the streets of the community singing Christmas carols, they stopped at the home of the Brandts on Foundry rd. for refreshments.

Your reporter extends to you all wishes for a happy, healthy and successful New Year.

Mr. and Mrs. Frank Brodnan and sons spent Christmas holidays in Missouri with Mrs. Brodnan's parents, Mr. and Mrs. Hugh Wilson.

Larry Schroeder, son of Mr. and Mrs. Walter Schroeder, met with a most unfortunate accident Thursday while skiing up in Michigan. He fell and broke his leg above the knee and will be confined to the hospital for about three weeks.

The Stan Luczaks' Christmas dinner guests were Mr. and Mrs. Leo Ladurini and family from Highland Park.

Square Dancers

The Square Dancers will right and left grand Friday, January 7, at 8:30 p.m. at Bill Grismer Jr.'s basement, fourth house west of Algonquin rd. on Golf rd. Seven more couples are needed for this group. Any square dancers interested may call Marty Sundblad, Clearbrook 3-2821, so that their names may be placed on the mailing list. Half the term is over, so any couples joining now will only pay for half the term, which is $5 per couple. The last winter dance will be in April. In May, the summer sessions will resume again.

The Forest View school children had a Christmas party Thursday, December 23. A short play was presented by the lower grade pupils under the supervision of their teacher, Mrs. Helen Conkling. The upper grade pupils sang carols supervised by Mr. Willuweit. Afterwards the mothers were asked to join in, too. Presents were opened in each room, and cupcakes and ice cream were served to everyone. The mothers and pre-school children had been invited to enjoy the party.

New Teacher

When school reopens Monday, Mrs. Ruth Lawson of Des Plaines, who taught at the Arlington Airport school, will be teaching the third, fourth, and fifth grades at the Forest View school in the old school building. Mrs. Helen Conkling will teach the first and second grades and Richard Willuweit, principal, will teach the sixth, seventh, and eighth grades. The school is happy to add Mrs. Lawson to its teaching staff.

Mr. and Mrs. Howard Kruse and children, Marjorie and Allen, of Des Plaines; and Mr. and Mrs. Wesley Van Ornum and son, Billie, of Chicago, were Sunday guests at the Robert Hutchings' home.

The 4-H Up and Doing club held its Christmas grab bag party Monday, Dec. 26, at the home of Miss Judy Moehling. The organization meeting will be held Tuesday, Jan. 18, at Miss Bonnie Loys' home.

The James Burton family spent Christmas holidays with Mr. Burton's parents, Mr. and Mrs. C. W. Burton, of Potomac, Ill.

Wilson Community News

Christmas is always a family get-together time, and whenever possible, children who have moved away make every effort to be home for the holidays. Irvin Albrecht came from Sioux City, Iowa, and spent Christmas with his parents and brothers and sisters at the Martin Albrecht home on Palatine rd.

Home From College

Mary Kingsley is spending her holiday vacation from college (Ames, Iowa) with her family, the Duane Kingsleys of Rand rd. It was unfortunate that her mother had to undergo surgery at this time, but has returned from Sherman hospital after a 2-week stay, and is now doing nicely. Mr. Kingsley was taken to the hospital last Sunday evening for surgery. Their many friends hope they will both have a speedy recovery.

Jack Aldrich was a Christmas visitor at the home of Mr. and Mrs. Howard Elliott. Jack is with the armed forces, and has been doing considerable traveling and seeing the world.

Christmas At Home

Mr. and Mrs. James Rice and family spent Christmas at home, and entertained Mrs. Rice's sister and family, Mr. and Mrs. Jack Gibfried and three children, Mr. Rice's brother, Herbert Klotz and father, Mr. James Rice Sr. of Chicago.

Mr. and Mrs. Arthur Schroeder and Mayrene spent the day with Mr. and Mrs. Adams of Barrington. Mrs. Adams is the former Lois Schroeder.

The cub scouts had a pack meeting last Monday evening, at which time they presented gifts they had made to their mothers and fathers. Plans are being made for the blue and gold dinner in February, and a carnival in March. They will see Cinerama in Chicago February 6.

The Community club will hold its regular monthly party Saturday, Jan. 8 at 8 p.m. Plans are being made for a Valentine dance to be held in Fireman's hall in Palatine, February 12.

Des Plaines Gives Nod To Prassas Annexation

The Des Plaines city council has approved the Prassas annexation of 35 acres east of town on which a $12 million shopping center will be erected.

Another annexation question involves the request of Butler Brothers, a variety merchandise firm, to construct a modern office and warehouse building on 30 acres at Wolf and Algonquin rd. They request Des Plaines to annex and rezone the tract. No official action has been taken as yet on the proposal.

News Of Rolling Meadows

HELENE BRISTOL, Editor — 2104 South Street — CLearbrook 3-8125

General Meeting

Discussions about the proposed incorporation of Rolling Meadows as a city seem to be heard on all sides. In order to explain to all residents the advantages and problems involved in this move, the Home Owners' association has arranged for a general meeting to be held Sunday, January 9 at 1 p.m. in the girls' gymnasium of the Arlington High school. Present to explain the results of the incorporation investigation will be Louis Ancel, one of the state's foremost authorities on municipal law. Mr. Ancel, who was recommended for this work by the Urban league, is an independent lawyer engaged by the Home Owners' association specifically to investigate the possibilities of incorporation. The results of Mr. Ancel's study were so favorable the Home Owners' association felt the people of Rolling Meadows themselves should have an opportunity to hear Mr. Ancel, study a summary of his investigation, and indicate at the polls exactly what their decision would be.

Working closely with Mr. Ancel in his work has been John Doyle, an attorney himself, who lives in Rolling Meadows on Wing st. Mr. Doyle has been acting as chairman of a special committee of the Home Owners' association for this incorporation study. Printed brochures giving the details of the investigation, including exact figures on taxes, expenses, and special monies available through incorporation, will be distributed at the meeting. Following the meeting, thest brochures will be available through block captains and members of the board of the home Owners' association for anyone who is unable to be present. Since this is such a vital subject to every Rolling Meadows resident, the Home Owners' association strongly urges everyone to attend the meeting to hear Mr. Ancel. Mr. Ancel, following the reading of the brochure and explanation of its contents, will be available for questions.

Special Gifts

Alice and Emile Bouchez of 2002 St. James st. really had a very special Christmas gift this year. December 22, little Denise Ann joined the family circle to the delight of the entire family who eagerly welcomed their first girl, who checked in at American hospital at 8 pounds 11 ounces and was named for her two grandmothers. On hand to see her namesake and to lend a helping hand when she arrived home from the hospital, was Mrs. Denise Hocq, Mr. Bouchez' mother, from Pana, Ill. The most excited members of the family, however, were little Emile, 5, and Richard, 3, who really got the baby sister they asked Santa Claus for.

A real Christmas arrival and a very special Christmas gift to her family, was little Joy Vandy who arrived on Christmas eve. Joy's father is Chester Vandy, who has sold so many Rolling Meadowites their homes. Joy and her mother Bea are temporarily staying in Resurrection hospital. "Vandy," as well as his older son and daughter who are 14 and 12, is eagerly looking forward to having his wife and special Christmas present home.

Boy Scouts

Eager participants in the big Scout Christmas party held in Palatine Christmas week, were members of the Panther and Hawk patrols of Rolling Meadows Boy Scouts. The party which was held not only for their troop 69, but for several other Boy Scout troops, was also attended by several troops of Girl Scouts of Palatine. The boys seemed to thoroughly enjoy the program which was given by the Girl Scouts, and even more thoroughly enjoyed the cake following the program which the Boy Scouts donated.

Christmas Visitors

Several Rolling Meadows families entertained out-of-town guests over the Christmas holidays. Mr. and Mrs. Pete Keller of Wilke rd. were the pleased hosts to Mrs. Joseph Keller and her young son, Steven, 17 months old; and Mrs. Keller's parents, Mr. and Mrs. Douglas Odom of Moorehead City, N. C., who were traveling with her. Mrs. Keller's husband, Maj. Joseph Keller of the Marine corps, who is Pete's brother has just been sent to a new post in Korea. The Christmas Eve celebration of the family was brightened, however, when Maj. Keller telephoned his family from the Far East, really lifting their spirits.

Guests from the opposite coast visited Mr. and Mrs. Don Hoppock of Eastman st. Mr. and Mrs. Werbick of Montebello, Cal., have been visiting relatives in Chicago for the holidays. Since the Hoppock family had not seen Mr. and Mrs. Werbick, who are old friends of the family, for over two years, some of the Christmas visit was spent in Rolling Meadows. The Werbicks were very surprised at the rate the Hoppock children had grown, and pleased to see the Hoppock's new home in Rolling Meadows, as well.

Traveling in from Prairie-du-Chien, Wis. Mr. and Mrs. Victor Schrock visited their son and his family in Rolling Meadows. Vic and Muriel Schrock of 2805 Dove st. were very pleased to have the elder Schrocks on hand for the Christmas celebrations, but not half as pleased as the Schrock parents present for "Santa's visit.

Capt. and Mrs. Robert L. Kross of Houston, Texas have been visiting Mr. and Mrs. Gordon Granger of 2105 Wing st. Mrs. Kross, who is Alice Granger's twin sister, Elsie, has not spent a Christmas at home in the Chicago area for seven years; and her husband Bob, who as a captain in the Air Corps goes where Uncle Sam tells him, has not been home in Chicago for Christmas for 13 years.

Bob Kross and Gordon Granger, who have known each other for many years even prior to their marriage to their twin-sister wives, have many friends in common. In honor of the visit of the Kross family, the Grangers held a party in their home Monday, December 27 for 14 couples, renewing old acquaintances and generally having a wonderful time. Capt. and Mrs. Kross also brought their three children, Donna, Debbie and Buzzy, with them to Rolling Meadows for Christmas.

Bob and Ann Jacobson of Wilke rd. have also been entertaining out-of-town visitors for the Christmas holidays. Mr. and Mrs. Donald Harris of Chadwick, Ill. traveled all the way to Rolling Meadows to see their grandson Willie, who is 3 years old, during the holiday season. With their welcome guests, the Jacobson family really observed a happy Christmas, the first one for little Jody, who is only 7 months old.

Best Wishes

Her many new friends and neighbors were very pleased to see Mrs. Adam Lapinski of 2500 Fremont st. home from the hospital in time for Christmas. Mrs. Lapinski who had been in the hospital in Elgin for almost a week, arrived Home Tuesday, December 21, in time to spend the holidays with her family. Her arrival home was a wonderful Christmas gift for her family and a pleasant sight for her many neighbors who had wished her well.

Traveling

After the rush of the Christmas holidays, not to mention all of her work with the Junior Women's club and Home Owners' Christmas party, Rene and Bo Jaremus felt a little vacation trip was really in order. Rene and Bo, residents of Eastman st., are traveling down-state Illinois, visiting friends and relatives in Peoria, Keokuk, and "all points east." Rene has been suffering with a sore foot and has been unable to wear a shoe and is wondering how she is going to manage to visit all of her old friends.

Fire Department

Since almost all Rolling Meadows residents are ex-big city dwellers, many of us do not know the sign of volunteer fire department members when they are speeding to a fire. The right of way on the street is to be given to any vehicle with a lighted blue light on its front just as you would a regular fire truck. The blue light is the indication of a volunteer fireman hurrying to a fire, and naturally all motorists should help as much as possible to see to it the fireman has "clear sailing" on his way.

Birthday Celebration

Little Terry Christensen of 2200 Wing st. recently was hostess to a group of her little Wing st. friends at her fifth birthday party. The party which featured those important special birthday games, was highlighted by ice cream and birthday cake.

Christmas Party Donors

The success of the visit of Santa Claus to Rolling Meadows, which was sponsored by the Home Owners' association December 19, was due in very large part to the active cooperation received by the association from many groups and companies. Special thanks is due the Junior Women's club for its help; the Community church for publicity; Jim's Service station for the battery to operate the loud speaker; and Al Garms of Meadow drive who played the stellar role in that cold weather. Thanks also to the following individuals and companies who through their cash donations made possible the distribution of the stockings to all of the children who visited Santa Claus: Cadillac Window co., Barrington Trucking co., Frederick Garage Building co., Allstate Construction co., Northwestern Building and Specialties, The Caldwell co., Owen Window co., Charles Klehm & Son, C. E. Niehoff & Co., Jim's Service station, Charles Johnson Electric co., The Arthur Johnson Electric co., Sievert corp., Active Construction co., Joseph T. Carp co., Ken Schroeder and Kimball Hill and Associates. The Home Owners' association is very pleased that Rolling Meadows and its residents have so many friends who are so generous in their help to our new community.

Bridge Club

The Christmas party of the Rolling Meadows Bridge club was really a gala affair, starting with a roast beef dinner. The party and dinner were held in the home of Mr. and Mrs. George Robinson of Palatine, who supplied the main course, while other club members each brought their pot luck contributions. A very successful evening of bridge was enjoyed by the club members: Mr. and Mrs. Carl Schultze of School drive; Mr. and Mrs. Lloyd Snell of Sigwalt st.; Mr. and Mrs. Gene Farrell of Campbell st.; and the Robinsons. While it was only their second meeting, the group has found the card game really has brought them together, and a wonderful Christmas party was enjoyed.

Visiting

Little Diane and David Knudsen of 2302 Campbell st. had an extra gift from Santa Claus over the holidays. Their grandmother, Mrs. Moyer of Chicago, visited them over Christmas as a special surprise. Very pleased to have their visitor with them for the holiday weekend were Frank and Shirley Knudsen. In spite of the fact Chicago is relatively close to Rolling Meadows, it seems as though Mrs. Moyer never manages to visit her daughter and her family half enough to please the family—proving she certainly is a popular grandmother!

Tragedy

A Christmas morning tragedy dampened the holiday spirit of Rolling Meadows. Mr. Max Zimmerman of 2804 Meadow drive, who had only moved into his new home in Rolling Meadows two weeks earlier, suddenly died Christmas morning as he prepared to get out of bed to watch his grandchildren open their Christmas gifts. Mr. Zimmerman's son, Capt. Ted Zimmerman of the Army, and his family, had come home for the holidays which came to such an abrupt and sad end. Her many new neighbors have expressed their sincere sympathy to Mrs. Etta Zimmerman over the death of her husband. The funeral was held Tuesday, December 28 at 2 p.m. at the Park Ridge Funeral home, and burial was in Mt. Emblem cemetery.

Community Tree Burning Planned

A community tree burning ceremony has been planned for Rolling Meadows. The tree burning, which is a feature in many communities, has been set for Saturday, January 8. The tree burning was arranged in an effort to remove the dead trees from the community as fire hazards and menaces to playful children. The area designated for the burning ceremony is north of Kirchoff rd., just to the east of the creek. When you finally take down that once-beautiful Christmas tree, please take it to this area where it will be disposed of. Saturday, January 8, a truck will go through the area picking up trees where residents have left them at the curb, but since gathering all the trees is simply impossible, residents are urged to bring their own trees to the burning sit if at all possible. You are also urged to be on hand for the tree burning ceremony which will be held at 8 p.m. If you would like to volunteer to assist at the tree burning or in the collection of Christmas trees during the afternoon, you are urged to contact Gordon Granger, 2105 Wing st., Clearbrook 3-8722.

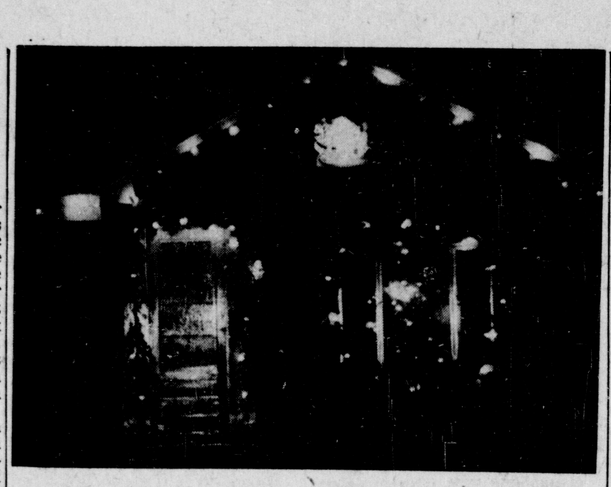

Little League

The January meeting of the Rolling Meadows Little League has been changed from Jan. 9 to Sunday, Jan. 16, at 5 p.m. in the Community church barn, Meadow dr. and Kirchhoff rd.

Parents with boys of Little League age may call Ed Garrity at CL 3-8349 to get the boys registered.

Entertain

Mr. and Mrs. Wes Sharples, 2413 George st., held an open house Dec. 27 for their neighborhood friends. Earlier in the afternoon they entertained eight friends of their daughter on the occasion of her eighth birthday.

Fascinating street names at Prospect Meadows were further enhanced by the Christmas lighting displays so evident in dozens of homes. The Henry Orlowski home at 621 Bunting Lane was one of those among the larger displays of holiday cheer. —Staff Photo

Boys Raid Home; Ruin Furnishings

Vandals ranging in age from 12 to 14 ransacked a Glen Ellyn home on their way to choir practice last week, causing damage estimated at $3,000.

The home, owned by Mrs. E. Krueger, was left in a shambles by the boys. They broke several windows in order to enter the building.

No one was in the home at the time of the raid. Mrs. Krueger, who is in her 70's, was in the hospital recovering from a heart attack and other illnesses.

After entering the house the boys tore curtains and shades down, threw ink and ammonia on the walls, ripped clothing to shreds, broke all of the mirrors, smashed an old desk to pieces and destroyed some pewter.

It was a real Merry Christmas at the Rolling Meadows home of D. Panunzio, 1407 Campbell st., who strung lights along the overhang and floodlit the front of his home. On the door was an enormous, decorated Christmas wreath. —Staff Photo

Santa's Visit

Santa delighted so many children in the Meadows December 23. Many a tiny nose—and a few large adult-sized ones were pressed to the windowpane with anxiety, but our reports are that all families who had put in their orders were visited. The red stockings he passed out were filled with toys and candy. Our biggest thanks to good old Santa for the wonderful glow he left with all.

Unveiling

The secret is out! Mothers of brownies are now enjoying the Christmas gifts their daughters created. The girls covered cigar boxes, inside and out, with gay wallpaper and—voila, a jewelry, sewing, receipe box, or what have you.

Visitors

Mr. and Mrs. William Childress sported a tan when visiting friends in the Meadows. Betty and Bill, former Chicagoans, now make their home in Denver. The day they left there to visit their folks in Oak Park the temperature was in the 60s. The Childresses like Denver so much they are trying to "sell" all their friends on moving there. On the Christmas weekend they visited with the William Vosburghs of Larkdale and the Paul Goodwins of Bob-O-Link. Now they should be back in the "beautiful weather."

Folks who saw an ambulance at the Getts home on Foundry rd. last week can relax. This time it's good news. Mr. Getts' mother was brought from Magnus Farm in Arlington Heights on Christmas eve to spend the holiday with her son's family—the ambulance was her mode of transportation.

Birthdays

December 22 is an undesirable time to have a birthday. That's what this reporter has always felt, but then what can you do. Someone else who grows younger on that date is Mrs. Ann Tabar, former reporter for this column. She celebrated her birthday with a luncheon party. Her mother, Mrs. Reiter, and her sister, Mrs. Grelck and three children were guests. Happy birthday to us!

Improving

Folks have been asking for news of Mrs. Vera Valentine. She is doing very well. Lots of the gals in the Meadows have visited her at Resurrection hospital and we understand they have "supplemented" the hospital food—even brought spaghetti. One achievement Vera will have gained is the ability to eat with either hand. With her right arm in a cast she is finding it quite a challenge to do the many little things she used that good right arm for. However, all things come to an end and in about a month Vera should be back home. Meantime, she sure enjoys hearing from friends in the Meadows.

Entertained

If Chuck Brazeau measured the walls of his house we are sure he would find it at least 2 feet larger all around. It just must have expanded with the crowd that gathered for a buffet dinner Christmas. The Robotkeys of Oriole lane were there for the fun, along with all Mr. Brazeau's relatives. There was Mr. and Mrs. Hooton and family, Mr. and Mrs. Hanley and family, Mr. and Mrs. Hatters and family, Mr. and Mrs. Kadodziej, Mr. O. J. Manthy, Mr. and Mrs. M. Piks and family and Mr. and Mrs. Robert Brazeau and family. "And family" denotes children — children — and children. Along with the good food and other Christmas merriment the guests enjoyed a grab bag full of gifts. A very successful party!

Returned

Mr. and Mrs. Jack Crise, former residents of the Meadows, have returned from Birmingham, Mich. and are now living in Arlington Heights.

Planning a New Year's day open house are Dorothy and Don Ballard, 1241 N. Race. Attending the party will be some of their new neighbors in Virginia Terrace. They are the Ed Hoovers, the Bill Cotsakis, the John Norenbergs, the Ken Vander Voorts, the Tom Bandys and the Alan Jeffreys. Another couple attending the party will be Marelyn and John Anderson of Arlington Hts.

Jo and Bob Hult, 1108 N. Race, and their children, Jane 5, and Jack, 2, spent Christmas in Prophetstown, Ill. They visited Jo's mother and father, Mr. and Mrs. Charles Hunt.

The Hults had visitors Sunday. Bob's sister and brother-in-law, Mr. and Mrs. David Larson of Snider, N. Y., and their three children, paid a holiday visit.

Doris and Dee Gehrig, 1219 N. Race, spent the Christmas holiday with Dee's parents in Centralia.

Jerry and Ken Williams, 1215 N. Race, enjoyed a visit from Mr. and Mrs. Glen Williams of Goshen, Ind., Christmas day. Jerry and Ken greeted Jerry's parents, Mr. and Mrs. William Wester, from Carmel, Cal., last Tuesday.

Marga and John Wilmot, 1240 Race, had a house guest over the Christmas weekend. He was John's brother, Dick, of Akron, O. Christmas day, the Wilmots had 13 guests for dinner. Sunday, Mr. and Mrs. Paul Kystra of Indianapolis, paid the family a visit.

Christmas Caroling

Pat and Ed Hoover, 1239 N. Race, and their three children, spent Christmas in Kankakee. Thursday before Christmas, the Hoovers had a pot-luck supper with their neighbors and then went caroling. Enjoying the dinner and the caroling were Pauline and John Norenberg, Sally and Ken Vander Voort, Pat and Bill Cotsakis, Lynne and Alan Jeffrey, Dorothy and Don Ballard, and Gloria and Joe Kalaus.

Nancy and Jack Griffith, 1436 N. Race, enjoyed a visit from Nancy's parents, Mr. and Mrs. Ralph F. Miller, of St. Louis, over the Christmas weekend.

Tess and Tom Roselle, 1425 N. Wilke, spent the Christmas holiday visiting both their families in Greenfield, Ind.

Marion and Grover Hartig entertained Marion's brother and his wife, Mr. and Mrs. James P. Kelly, and their son, Joey, of Chicago, on Christmas day. Mamie and Sally Kelly of Chicago were also guests. Sunday the Hartigs had a dinner for Grover's brother, Gene, and his wife, Laverne, and their three children. Jack and Doroty Lonnergan of Chicago and their two children attended the dinner Sunday.

Violet and Bill Wenach, 1221 N. Chicago, recently returned from a 3-week vacation in Florida. Susan, 21 months old, proved to be a very good traveller. Bill's mother and father, Mr. and Mrs. Louis Weinach of Buffalo, N. Y., also enjoyed the trip. The family spent most of the time in Fort Lauderdale, but also visited Miami, St. Petersburg, and Daytona Beach.

Randall Lechelt was born December 23 at Resurrection hospital. Randall is the son of Mr. and Mrs. Elm Lechelt, 1247 N. Race. Randall's sister, Laurie, will celebrate her third birthday New Year's day. Another sister, Linda, is 6 years old.

Modern Etiquette

by ROBERTA LEE

Q. Would it be proper to insert an announcement in our local newspaper of a broken engagement?

A. Yes, if an announcement of the engagement was made in that paper. A proper announcement would read something like this: "Mr. and Mrs. Robert L. Jones announce that by mutual consent the engagement between their daughter, Mary Ellen, and Mr. Thomas J. Fox is at an end."

Q. What is the correct manner of eating an orange at the table?

A. Peel the orange, and then pull it apart. At breakfast, the orange is often cut into halves and eaten with an orange spoon.

Q. How should a divorcee sign her name if she retains her ex-husband's surname?

A. She should use the surname of her former husband, prefixing her maiden name; as, "Mrs. Shirley Carter Johnson."

Q. Is it necessary for a person to apologize for the crunching noise that results from eating hard toast, celery, or something of that nature?

A. Not when it is unavoidable. A little practice, however, will enable one to avoid much of this noise.

Q. May one write an acknowledgment to a formal invitation in the first person?

A. Never. Inasmuch as the formal invitation is always in the third person, the answer should be the same.

Q. What is the correct amount of a tip to airline stewardesses?

A. Please do not offer any tip to the stewardess, the airlines having rules against this.

Q. If tea is served and a guest does not care for it, would it be all right for this guest to ask for a cup of coffee?

A. Not unless the hostess asks if the guest prefers coffee. Otherwise drink the tea, or part of it, and express no preference.

Q. Is it proper to name the second son "junior" for his father, or is this title always supposed to be conferred on the eldest son?

A. The "junior" in a family need not be the first son.

Favorites For Flavor

No holiday season is complete without eggnog or an eggnog party. Perhaps you are planning one sometime over the New Year's weekend. You can buy eggnog from the milkman and give it a personalized touch.

Pour bottled eggnog into a punch bowl. For a frothy topping, use two egg whites, beaten until stiff, per one quart eggnog. Fold it into the punch and sprinkle with nutmeg.

Serve French Pound Cake as an accompaniment. Made in a tube pan it is high, lighter than most pound cakes, and moist. Frost just the top with a dark chocolate Hungarian Frosting.

French Pound Cake

1 cup butter
2 cups sugar
3 eggs
4 cups sifted cake flour
2 teaspoons baking powder
½ teaspoon salt
1 cup milk
2 teaspoons vanilla

Cream butter and sugar. Add eggs, one at a time, beating well after each addition.

Sift dry ingredients together and add alternately with the milk to the batter. Lastly add vanilla.

Pour into a well-greased ten-inch tube pan and bake one hour at 350 degrees.

Hungarian Frosting

2 squares unsweetened chocolate, melted
1½ cups sifted confectioners sugar
2½ tablespoons hot water
1 egg yolk
⅛ cup soft butter or margarine

Combine chocolate, sugar and water. Add egg yolk and beat well.

Add butter and beat to spreading consistency.

Modern Etiquette

by ROBERTA LEE

Q. Would it be proper to insert an announcement in our local newspaper of a broken engagement?

A. Yes, if an announcement of the engagement was made in that paper. A proper announcement would read something like this: "Mr. and Mrs. Robert L. Jones announce that by mutual consent the engagement between their daughter, Mary Ellen, and Mr. Thomas J. Fox is at an end."

Q. What is the correct manner of eating an orange at the table?

A. Peel the orange, and then pull it apart. At breakfast, the orange is often cut into halves and eaten with an orange spoon.

Q. How should a divorcee sign her name if she retains her ex-husband's surname?

A. She should use the surname of her former husband, prefixing her maiden name; as, "Mrs. Shirley Carter Johnson."

Q. Is it necessary for a person to apologize for the crunching noise that results from eating hard toast, celery, or something of that nature?

A. Not when it is unavoidable. A little practice, however, will enable one to avoid much of this noise.

Q. May one write an acknowledgment to a formal invitation in the first person?

A. Never. Inasmuch as the formal invitation is always in the third person, the answer should be the same.

Q. What is the correct amount of a tip to airline stewardesses?

A. Please do not offer any tip to the stewardess, the airlines having rules against this.

Q. If tea is served and a guest does not care for it, would it be all right for this guest to ask for a cup of coffee?

A. Not unless the hostess asks if the guest prefers coffee. Otherwise drink the tea, or part of it, and express no preference.

Q. Is it proper to name the second son "junior" for his father, or is this title always supposed to be conferred on the eldest son?

A. The "junior" in a family need not be the first son.

Favorites For Flavor

No holiday season is complete without eggnog or an eggnog party. Perhaps you are planning one sometime over the New Year's weekend. You can buy eggnog from the milkman and give it a personalized touch.

Pour bottled eggnog into a punch bowl. For a frothy topping, use two egg whites, beaten until stiff, per one quart eggnog. Fold it into the punch and sprinkle with nutmeg.

Serve French Pound Cake as an accompaniment. Made in a tube pan it is high, lighter than most pound cakes, and moist. Frost just the top with a dark chocolate Hungarian Frosting.

French Pound Cake

1 cup butter
2 cups sugar
3 eggs
4 cups sifted cake flour
2 teaspoons baking powder
½ teaspoon salt
1 cup milk
2 teaspoons vanilla

Cream butter and sugar. Add eggs, one at a time, beating well after each addition.

Sift dry ingredients together and add alternately with the milk to the batter. Lastly add vanilla.

Pour into a well-greased ten-inch tube pan and bake one hour at 350 degrees.

Hungarian Frosting

2 squares unsweetened chocolate, melted
1½ cups sifted confectioners sugar
2½ tablespoons hot water
1 egg yolk
⅛ cup soft butter or margarine

Combine chocolate, sugar and water. Add egg yolk and beat well.

Add butter and beat to spreading consistency.

THE MAILMAN'S CORNER

BY LELAND ELLIS TRUXELL

With the old year behind us and a new one coming up on the horizon, it is time to dust off some of our old resolutions made so earnestly last New Year's Eve and have another go after New Year's last year to be acted upon at some indefinite future date.

Priority on the list should be better church attendance, and right next to that, Drive Slow and Carefully: If You Drink, Don't Drive and If You Drive, Don't Drink! We would be even better off if we would simplify the resolution to two words: Don't Drink!

* * *

DRINKING is a relic of the horse and buggy days when folks could tie the reins on the dash board and old dobbin would find the way home. In this day of technological advancement, with speedy, high powered cars, complex machinery and crowded city streets, it is a most foolish individual, either motorist or pedestrian, who will befog his brain with alcohol and trust to luck.

Better relationships between children and parents and vice versa should be high on our New Year's agenda. More home life, with Bible reading, singing and evening games of scrabble would go far toward reducing our growing juvenile dilinquency. Comic books with their violent and lurid portrayal of narcotics, sex and mental depravity and downright savagery have no place in the new year.

* * *

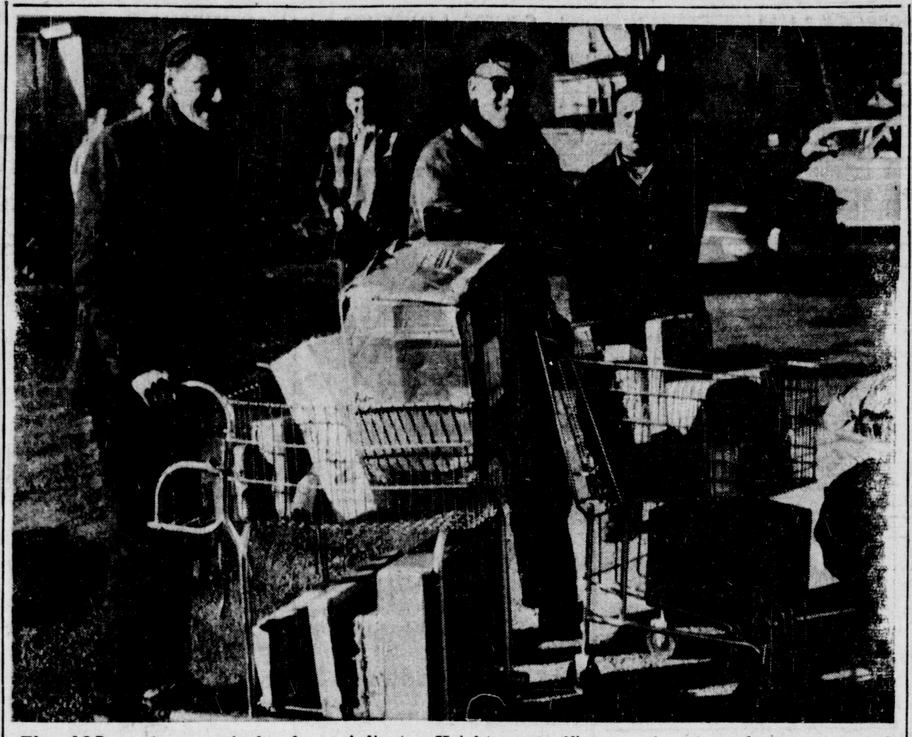

NOW IS TIME to start that savings account for a carefree vacation or a new home.

New Year's day is a good time to bury all old marital quarrels and start on a bisis of understanding and sympathy between man and wife. It'll make for happier living—unless Ma and Pa just love to fight. If so, now is the time to find new ways to plague your partner—maybe there are some humdingers neither of you have yet thought of!

Let's turn over a new leaf, folks! Maybe we can make this a really happy and prosperous New Year!

In The Future

For the do-it-yourself addict, a pre-cut 6-foot workbench of choice woods which can be assembled, with blueprint help, with just a hammer and screwdriver . . . Luggage of magnesium. It's said to be cheaper, lighter, stronger and more durable than leather . . . Hearing aid completely camouflaged inside a pair of horn-rimmed eyeglasses . . . Sash runners that replace old, worn-out or broken sash cords with the aid of a screwdriver, eliminating weights, cords and chains.

The A&P carts came in handy as Arlington Heights post office parcel post employees attempted to deliver holiday packages on time. Traffic conditions made the carts easier to move around the nearby business district, in place of the usual trucks. Shown, left to right, wheeling the carts, are Harold Collignon and Steve Mundy with Casy Kujawski directing activities. —Staff Photo

Park Manor

The article published in the Arlington Heights paper during the week of December 12 regarding the building of prefabs with septic tanks on 50 foot lots was most welcome by the writer. I wonder, Mr. Editor, if you have even seen a septic system being installed, and during that period, did you try to visualize what it was to do? Let me assure you, a home of a size which takes care of a family of 4, leaves very little room on a lot of 50x150' for a septic tank, plus a drainage field which will do the job adequately.

My home is on a lot of 100'x 130'. The house is approximately 25'x25', two-story Cape Cod, and we had just enough land to provide a properly functioning drainage field. Our neighbors have a lot of 100'x130', and to the north of us is a lot of 100'x130'. Lots of this size will do a good job; 50' lots at present are illegal and rightfully so. You might check this with your beter septic people.

* * *

THE WRITER and his family would welcome joyfully the annexing of Arlington Park Manor to Arlington Heights proper. I have spoken to several families in the Scarsdale portion of Arlington Heights, and they will welcome such action gratefully. It is not the prefab homes that we in this community oppose, since the ownership of homes, in my opinion, is the greatest safeguard of democracy; but sanitation is vital.

Maintaining a standard within a community which will not in any way cause a reduction of property values is to be protected. Maintaining a standard of care of buildings and landscaping is vital if men are to improve their standard of living. Larger lots help accomplish this even though the buildings may be small and lower in cost. By the same token, drainage fields can be of sufficient size to do an effifient job for an average family home.

* * *

ANNEXING Arlington Park Manor to Arlington Heights proper can and will bring about the necessary saeguards which will help maintain our standards. This writer will certainly appreciate any information which will help bring this annexation about.

Open Letter

TO THE PEOPLE OF ROLLING MEADOWS

I, as a resident of Arlington Crest, cannot see any advantages for us in the proposed incorporation with Rolling Meadows, which incidently has been put forward without our knowledge nor endorsement.

In the first place it isn't out of goodness of heart that we are to be included in this venture. As I see it we are needed in some way. Possibly to increase the number of registered voters.

* * *

OUR POOR relation geographically in regards to Rolling Meadows does not lend itself toward unified community living. We would be divided by the railroad and the race track, which means that all police and fire protection would have to be divided or work against race track and railroad traffic.

I cannot see any advantages insofar as the school system either. At present our children are picked up by bus and taken to schools that we have already spent many of our tax dollars on. Why should we go through this again?

* * *

AS FAR AS improvements are concerned we have our own wells, which yield better water than yours, and septic tanks. These are paid for and we do not intend to dig up more money for improvements along these lines. Our lots here are 19,000 sq. ft. and up, which puts us well over the 10,000 sq. ft. required by the county to support this type of sanitation.

We have here an active civic association which has managed to regulate our area pretty well. Let me tell you now that you are going to have some stiff opposition over here unless you can show us plenty of ways that we would be benefited.

Roselle Complaint

A decision by three members of the Roselle village Board of Trustees to oust our police chief because of personal dislikes was successful because of secret meetings and pressure upon the remaining members.

There were no charges made to merit such treatment.

Now because we were able to get some folks out to the one "secret meeting," Thursday, Dec. 16, to forestall this action, one board member has said, in so many words, "That they were going to fight us every step of the way, that they were not going to let us on the East side of town abuse them."

* * *

IF TRYING to see justice done is abuse, then it's time we, the people of Roselle, newcomers and old timers, make it a point to attend the monthly board meetings second Monday of each month, 7:30. Find out what our elected officials are trying to do.

It's time some of the businessmen attended these meetings as well as the townspeople. You would then see that the men we voted in as being capable to represent all the peoples of Roselle may not be the men we thought they were.

* * *

OUR MAYOR was voted down on this deal amongst the board members, with the help of the village attorney's own interpretation of the statutes. And at the next "secret meeting," held Dec. 21, the board's three members succeeded in pressuring the remaining three whom we thought were strong enough to stick to their own convictions and men of integrity, with the help of the attorney to fire Dick LaMar over our mayor's protest.

The question is asked: Why were there no businessmen present, or no long-time residents present? These three members were very careful not to let these meetings be known.

It's time we took steps to prevent this kind of politics before it really mushrooms into something too big to handle.

Come to the board meeting Jan. 10. Ask your own questions. See for yourself what has happened and is happening. Don't just take my word for it.

Arlington Carolers

The many young people who formed into groups of carolers, and went from house to house to sing out with the old familiar and heart warming Christmas songs and hymns are deserving of credit for their fine efforts.

Our Christmas was made merrier by these fine voices. They grouped on our driveway and with good cheer and pleasing voice, filled the air with the good tidings of the Birthday of The Saviour.

Like all good spirits they left as quietly as they had come, so I want to extend to them our public appreciation.

Civil Defense

Thank you for helping with civil defense preparations during the year 1954.

With such help we have been able to maintain a useful standby civil defense and disaster organization comparing favorably with any in the country and costing a fraction of amounts expended for the same purpose in other areas and municipalities.

For the assistance given to us in 1954 we are grateful to you. For the blessings of peace and security enjoyed by our country in 1954 we join you in humble gratitude to Divine Providence.

Savings Bonds

The approaching holiday season brings to mind the many blessings and friendships which we have enjoyed during this year and years past. My staff and I have every reason to be most grateful for the splendid cooperation you have given us in the savings bonds program in Illinois. The record for sales in this state exceeded achievements of all large industrial states in the country. We take great pride in reporting this fact to you and we sincerely thank you for making this record possible.

QUITE CONTRARY

BY MARY

Brother, we have just discovered that everyone should take his ill or good gotten gains save them till after Christmas and attend all the fabulous sales of the salons on the Rue de la North Michigan Avenue. The sales that are going on make us wish that we had not been so all fired gay with our so-called money before the holidays. NOW we could really get something good. Oh, well.

It was our great good fortune and because we are such a good girl that one of our dear relatives gave us a Hi Fi phonograph. All over again we have discovered the magic of music. We are weltering in a wealth of two records. One is Montovani ripping an arpeggio all over the place and the other is borrowed and blue and a record of the incomparable voice of Yma Sumac.

We feel as though we had just discovered something that no one in the world has ever known before when we heard her voice again. She just fascinates us with her range of voice. We can hardly wait to add to our motley collection of records so that we may have a broad choice of three records instead of two. In the meantime we are finding out all about FM and a wonderful boon to the listening world it is too. Even though we do not know what it is that we are listening to half the time, it is very nice.

The tinsel on the tree is beginning to look a little shabby. And the Christmas cards that we manage to display around the room are beginning to look a little out of place. But, we hate to see the season go so we urge our young to leave their presents under the tree for another day although we suspect they would like very much to remove them to their own rooms and gloat over them in private. The living room looks like a playhouse and while we may apologize to guests in a laughing manner, we like it that way. For, to us, it is only Christmas when the toys are scattered around. Whatever are we going to do when all we have to display is a new tablecloth and napkins or some terribly clever ashtrays?

There is something almost too sentimental about the quiet between Christmas and New Year's. The one is too newly gone and the other is almost too brash to contemplate. Christmas makes us sentimental and New Year's makes us nervous. It makes us so nervous that we usually sit safely at home. So, from our perch in front of the TV or the new FM we wish you all your wishes for the new year and all the years to come.

Solution To Water Problem Supported By Gov. Stratton

A comprehensive plan for the solution of the water problems of the Chicago metropolitan area is being closely studied this week by residents of the northwest country towns. (See map below).

As proposed by Gov. Stratton's committee on Metropolitan Water and Sanitation, the problems of water supply, storm drainage, waste disposal, and rapid development of the Cal-Sag channel and port facilities could best be met on an area-wide basis by the establishment of a governmental service agency.

* * *

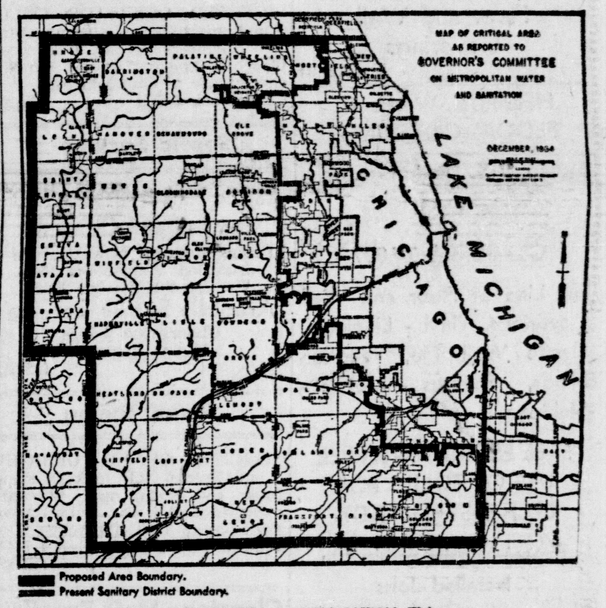

THIS AGENCY would function in all of Cook and DuPage counties and in the western part of Kane county and the northern part of Will county.

Several cities, including Aurora and Elgin, have already announced opposition to the plan.

If created, the authority would acquire the present facilities of municipalities in the area and take over construction programs totaling $480,000,000. The sanitary district of Chicago might be used as a basis for the establishment of the authority.

The floods that followed the near-record rains of Oct. 10-11 demonstrated the need for co-ordinated storm drainage facilities. Such projects totaling $118 million outside Chicago and $80 million in Chicago should be adequate, according to Anthony A. Olis, president of the Sanitary district.

Gov. Stratton has vigorously supported the authority proposal.

Auto Show To Open In Chicago Next Week

The 47th annual Chicago automobile show opens to the public Saturday afternoon, January 8, in the International Amphitheatre.

The Amphitheatre's 152,000 square feet of exhibit space will glitter with 1955 automobiles of all American makes, with commercial vehicles ranging from pickups to truck-tractor combinations, and with automotive equipment, accessories and allied displays.

It is announced that factories have gone "all out" in creating eye-catching new models and other attractions for their spaces, such as cutaway chasses, bodies, engines, steering systems, and automatic transmissions, so that visitors may see "what makes the wheels go 'round."

The lure of the creations of motordom, and the show itself, attracted 467,000 visitors last year. Jerry H. Cizek, chairman, and other members of the executive show committee, have set a goal of 500,000 for the 1955 show attendance.

JUST AROUND THE CORNER

FROM PATTY McARDLE

Dear Peg:

Noticing all the traffic on the road, as we drove home from Indianapolis today, I got to thinking that people have celebrated Christmas, now it's all over and they're headed for home. In a few days the mechanical dolls, toys and trimming in the store windows will be replaced by cruise and southern wear. The street corner and toyland "Santas" have disappeared and it's just as though we have awakened from a lovely dream and found ourselves back in the daily routine.

Christmas today is treated almost as if it were a death rather than a Birth. We decorate the house, make cookies, trim the tree, etc., for a month before Christmas and when the climactic day arrives, we throw our remaining effort into making the day a joyous finale rather than a heralding overture.

* * *

CHRISTMAS DAY should mark the beginning of our religious new year—a day on which we make a fresh, new start and a promise to the Infant of Bethlehem to try to become finer people during the new year. This year after the colorful decorations are put away, the tree thrown out and the pine needles vacuumed up, let's pretend that it's Christmas every day and keep within our hearts the spirit of Charity and kindness that we are so filled with on December 25th.

It was still dark when "Santa" jingled his sleigh bells Christmas morning to wake up the household. Since the adults had only been in bed for about four hours, poor "Santa" had some difficulty arousing them. Megan and Bridget poked, prodded and pulled their "lazy" parents and finally threatened to go downstairs without them.

* * *

AT THIS THREAT, "Mama" hopped out of bed, put a bathrobe on herself and the children, then hurried down ahead of them. Must have movies, you know! Speaking of movies, Bob and I received a much needed metal case for storing our films, which will not only keep them arranged neatly but will prevent them from drying out and becoming brittle.

Although Megan seemed thrilled when she saw the doll house (that at one time was my pride and joy), nothing pleased her as much as her ice skates. She received the loveliest, white figure skates that she immediately put on and didn't take off for several hours, and then only long enough to eat dinner. "Nana" made an ice skating rink of the living room carpet and Megan, dressed up in a pink nylon petticoat, took full advantage of it.

* * *

BETWEEN QUICK little "turns" around the "rink," she practiced twirls and poses and now thinks she's all ready for the real thing. I'm afraid the poor dear has a shock in store for her—ice is considerably slicker than a living room carpet. Bridget, of course, has ice skates too, of the two-runner strap-on type, on which she followed Megan about the room.

Santa was very good to us—and we still have presents to open at the farm. So, until next week, after a visit with Gramma and Grampa at Manapisu.

My love,
Patty.

Must Ventilate Poultry Houses During Winter

You're not giving your birds enough fresh air if the walls, ceiling or litter in your laying house is damp, says Dr. L. E. Hanson of the College of Veterinary Medicine at the University of Illinois.

The trouble with a damp poultry house is that it makes it easy for the disease germs to live that may cause throat and lung troubles in your flock, according to the veterinarian.

* * *

OPEN THE WINDOWS in the laying house enough to keep the building dry without making it cold enough inside to freeze the water in the drinking fountains. He suggests put burlap sacks or other covering up so that the birds will not be exposed to direct drafts.

Dr. Hanson admits that cold weather makes it more complicated to ventilate the poultry house. He says, however, that it is to keep it warm. Adult chickens will do all right as long as the inside temperature is kept above freezing.

Record Cows

A number of registered Holstein in Illinois have recently added to or achieved lifetime milk production totals of 100,000 lbs or more.

Such totals, all having been made on official herd improvement registry or advanced registry test, are approximately five times the lifetime production of average cows. In recent years, tremendous strides have been made in increasing the lifetime production of dairy cows, through improvement in herd health, feeding and breeding for long productive life.

Cold Spring Judy Star, 105,414 lbs. milk, 4,308 lbs. fat, 8 years on test. Owned by Dorothy Hammerstein, Roselle.

Cows having completed lactations putting them over the 100,000 mark for the first time include:

Cold Spring Belle Canary Posch, 109,221 lbs. milk, 4,322 lbs. fat, 8 years on test; and Gayjean Montvic Inka Star, 102,208 lbs. milk, 4,278 lbs. fat, 6 years on test. Both owned by Dorothy Hammerstein, Roselle.

Piebe Rag Apple Ralph, 105,936 lbs. milk 4,306 lbs. fat, 7 years on test. Owned by Martin Loeber, Palatine.

Ray E. Meyer, Roselle—Florem Nancy, 529 lbs. butterfat, 13,305 lbs. milk, milked 2 times daily, 299 days. Average quarts daily: 21. Age when record began: 3 years 11 months.

Missionary Sisters Servants of the Holy Ghost. Holy Ghost Convent, Techny—Creekdale Ollie Belle, 674 lbs. butterfat, 17,155 lbs. milk, milked 2 times daily, 365 days. Average quarts daily: 22. Age when record began: 5 years 6 months.

Check Heating Equipment As Possible Fire Hazard

Defective chimneys, carelessness with combustible materials and misuse of petroleum products rank high as causes of the more than 100 million dollars' worth of farm property lost every year from fire.

Most of this loss can be prevented, says E. I. Pilchard, vice president of the Illinois rural safety council.

* * *

COMING OF COLD weather means that all heating equipment should be checked and conditioned for winter service. Here are some precautions outlined by the Rural Safety council:

Repair cracks or other defects in chimneys, and replace rusted or burned out stove pipes.

Never use petroleum products to start or hasten a fire.

See that combustible materials are protected.

* * *

USE A METAL or asbestos floor covering under wood- or coal-burning stoves.

Install a spark arrestor on the chimney to prevent roof fires.

When you fire a coal stove, add coal at one side of the fire pot to keep from completely extinguishing the flames.

See that tank heaters, feed heaters and other types of heating equipment on the farm are safely installed and kept in good condition.

Be sure that dampers in stoves or furnace pipes are never closed enough to force carbon monoxide or other gases out into the rooms.

Planning Can Keep Your Farm Inheritance Taxes Reasonable

Higher values on farmland and equipment in recent years have caused increased concern about gift and inheritance taxes on farm property.

Farm Adviser Carl F. Mees, says that few farmers were concerned about these taxes before 1945, because the value of most farms then was below the tax exemption limit.

However, an understanding of the laws and good planning may save from $10,000 to $40,000 in such taxes today.

Saving farm property from unduly high gift and inheritance taxes is just as important to farm families and to agriculture as accumulating the property in the first place Mees says.

The solution to the problem lies in intelligent planning and timely action. The best steps to take to reduce estate taxes will depend on the individual situation. Expert legal advice can be helpful in making a wise decision.

For a general picture of the savings that can be made in these taxes, ask our farm adviser for a copy of Circular 728, "Inheritance and Gift Taxes on Illinois Farm Property."

New Ketosis Remedy Has Little Value

Research in the control of ketosis at the University of Illinois shows that in only two out of five cases did "Ketogestin," a recently introduced material for the control of Ketosis, appear to have value in overcoming the disease.

This was the report of Dr. E. F. Reber of the University of Illinois College of Veterinary Medicine in a talk before the meeting of the American Society of Animal Production held recently in Chicago.

Dr. Reber also pointed out that an oxalacetate derivative given by mouth was effective in reducing the blood ketone body level and in increasing the blood sugar level of a ewe with induced pregnancy disease.

The report was based on recently concluded tests made at the University. These tests are a part of a research program to find new materials for the control of animal diseases.

Good Farm Records Will Save Tax Money

Good record-keeping is just as important in farming as in any other farm job. Every dollar of legitimate expense you fail to enter on your tax report costs you an extra 20 to 25 cents in taxes. George B. Whitman, farm economist at the University of Illinois College of Agriculture, says 15 dollars for a tractor repair job that you forget to enter on your farm form, costs you about three dollars in taxes. Your farm adviser will be glad to help you get started on good records with an Illinois Farm Record Book.

January 1 is the date to start your 1955 farm records. Records will take you only a few minutes each day, and you'll find it will save you hours when you get ready to make out your income tax next year. It's a lot easier and more accurate to go by a record book than a pile of receipts and cancelled checks. See your farm adviser today for suggestions on how to start a farm record book for 1955.

Growers Ask Benson For Protection

The 46th annual convention of the vegetable growers association this month elected Jim Swan, of Delavan, Wis., as president. He pledged his all out effort in advancing the association and the industry.

The convention was the largest ever held by growers. Representatives from 34 states and Canada were among the estimated 1500 growers.

In his annual report, retiring president Lee Towson told the Syracuse, N. Y., audience there is a need for a constantly stronger vegetable grower organization to meet the national needs of the industry. He urged all growers everywhere to increase their activity two-fold during the year ahead.

* * *

A TELEGRAM was sent to secretary of agriculture Benson emphasizing the need for protection of unsupported vegetable growers. The wire said, in part, "Delegates ... beg of you to stand steadfast on your conviction expressed in your September 15 administrative release protecting the unsupported producers of vegetables from encroachment by subsidized acres withdrawn under government price support schemes ... It violates our sense of American justice to be thrown in the position of competing with the great U.S. Treasury which unequal struggle waited inevitably end in failure and another step toward the socilization of all agriculture."

Mrs. Elmer Steil of Des Plaines was elected treasurer of the Ladies' Auxiliary, and Maurella Hasselman of Des Plaines was a member of the Court of the American Vegetable Queen for 1955.

The 1955 meeting will be held in Washington, D. C., Dec. 5 to 9.

A high point in industrial safety was attained by Western Electric company's Hawthorne works recently when it compiled a staggering total of 5,519,334 man-hours worked without a disabling injury to its employees. Left, above, Gen. George C. Stewart, general manager of the national safety council, is shown awarding plaque, attesting to the performance record, to George F. Chabot, 912 S. Waiola ave., LaGrange, Western Electric safety director.

One man, working a 40-hour week, would take 2,759 years to amass this total safety record. Actually, the score was compiled by Western Electric's 20,000 local employees between August 19 and October 12 of this year. Presentation of plaque was at National Safety council headquarters, 425 N. Michigan ave., Chicago.

Livestock Men Must 'Hedge' Feed Programs

Live stock producers must "hedge" their feeding programs to stay in business, says H. M. Conway, director of research for National Live Stock Producer, the nation's leading live stock magazine.

This shifting of feeding operations to meet high feed costs, low markets for specific grades of live stock, and changing consumer demand for meat all have to be considered in planning the next year's operations.

* * *

THIS FALL many feeders shifted to a slowed-down feeding operation with calves and yearlings on a growing basis, that is, using more roughages in the rations instead on emphasizing grain feeding.

This will reduce considerably the supply of the higher grades of beef available next spring and early summer, continues Conway, and tend to bunch marketings later in the summer and early fall.

* * *

HIGH FEED costs are affecting hog production in a similar manner, emphasizing the need for planned production and marketing to take advantage of any seasonal highs in pork prices. Hog producers that delay spring farrowings and finishing of hogs to avoid the probable bunching of beef marketing may be in a better position than those producers that try to beat the "run" to market in early fall.

This is especially true since most hog production has shifted to early maturing, meat-type hogs and as a result all areas are competing in producing a similar product, whereas early maturing hogs used to be confined to the Eastern Corn Belt and late maturing hogs to the Western Belt, which tended to even out the numbers being marketed.

LAW on the FARM

Proxy Voting

At common law there was no such thing as proxy voting. Each person had one vote, and he had to be present at the corporation meeting to cast it.

But this has been changed by the Illinois constitution and statutes. The constitution provides that "in all elections for directors or managers of incorporated companies, every stockholder shall have the right to vote, in person or by proxy." Statutes covering business corporations and agricultural cooperatives provide that "A shareholder may vote either in person or by proxy executed in writing. No proxy shall be valid after 11 months . . . unless otherwise provided in the proxy," and "the bylaws of an agricultural association may provide for members or stockholders to vote by proxy or by mail, or both."

* * *

THE LATTER provision would seem to be in conflict with the constitution, since the constitution says that each stockholder shall have the right to vote by proxy. However, the two laws are in harmony if the agricultural co-op law applies to elections other than those for directors and managers.

A summary of 218 questionnaires just returned to the College of Agriculture by agricultural co-ops show that 60 per cent of the co-ops affiliated with the farm bureau and 86 per cent of those not affiliated allow proxy voting. Twenty-nine per cent and 9 per cent, respectively, do not allow proxy voting. Eleven per cent and 5 per cent, respectively, failed to answer the question.

* * *

IT WOULD APPEAR that if restrictions on proxy voting relate to all elections, including elections for directors and managers, such restrictions are illegal. That is, the law seems to say that proxy voting may be permitted or limited for ordinary business decisions, but that it must be allowed if a director or manager is being elected.

Soils May Hold Key To Your Farm Plan

A farm plan without a soils map is like having a locked treasure chest without a key.

First we need to know the type of soil we have in order to determine what it is capable of producing. This tells us how rapid or how slow the internal drainage is in these soils.

The amount of top soil also tells us what the moisture holding capacity of this soil is.

* * *

WE CANNOT use the same rotation on Elliott silt loam with severe erosion that we use on Elliott silt loam with no erosion, because we only have half of the top soil remaining. These soils may look the same but one will yield 50 to 60 bushels of corn while the other will yield 90-110 bushels of corn per acre. The amount of tilth and organic matter changes the drainage in these soils, so you cannot use the same rotation as your neighbor and get the same results unless you know that the characteristics are the same.

You may have different types of soil on your farm or different types in different fields. Each one may require a different rotation or practice in order to produce what this land is capable of producing.

* * *

THE WAY you use your land must be based on the way nature made it if the land is to keep working for you permanently and profitably.

How does one determine rotations to use?

The North Cook Soil Conservation District furnishes this soil map to all cooperators to help them understand their soils and assist them in getting their plan in operation.

By following this conservation farm plan you will be able to relax and enjoy a Merry Christmas and look forward to a happy and prosperous New Year.

More information can be obtained by contacting the directors: Emil Hattendorf, chairman, Arnold Brockman, sec.treas., Elmer Wente, vice chairman, Xaver Schmid, Werner Kastning, soil conservation technician, Maurice M. Umbdenstock or Carl F. Mees, farm adviser.

Feed Slowly

To cut down losses from shipping fever, start feeding grain slowly to your newly arrived feeder calves.

Bar Fly

Dairy cows will take an average of 10 drinks a day if they have free access to water.

Start Battle Against Swine Parasites Now

Getting rid of large intestinal worms in sows at this time of the year is a little like swatting flies in the winter time.

Every worm you kill now means many less to cause you trouble next spring and summer, says Dr. N. D. Levine of the college of veterinary medicine at the University of Illinois.

* * *

DR. LEVINE explains that the eggs of the intestinal worm are dropped on the pasture of feedlot by infested animals. Young pigs pick up the eggs and swallow them. The eggs hatch into tiny worms in the stomachs of the young pigs and begin a cycle in the body of the pig that can cause serious stunting or even death.

* * *

SOWS SHOULD be wormed at least 30 days before farrowing by using sodium fluoride in the feed. If not properly used, any material that will eliminate worms is also toxic to hogs, warns Dr. Levine.

Deadline Date For ACP Reports

Monday, January 17, is the final date for farmers to file reports on conservation practices carried out under the 1954 Agricultural conservation program. This reminder was issued by Carl M. Bormet, chairman of the local ASC office.

It should be recognized, said Mr. Bormet, that payments cannot be made for work accomplished unless this report is filed on time. It's a definite program requirement with which all cooperators must comply. The deadline for completing practices is December 31, 1954.

Most farmers, according to Mr. Bormet, have already filed the necessary reports. He emphasized, however, that those who have neglected this matter should immediately contact the county office at 201 N. Dunton ave., Arlington Heights. Weight tickets and cost evidence should be brought in.

Midwest Farm Outlook Brighter Than Nation's

"More of the same" is the outlook for farmers in 1955. That's the view of the Federal Reserve Bank of Chicago, which says that net farm income and cash receipts will be reduced only moderately in the coming year.

The bank foresees these measures of farm prosperity continuing about the same as they did in the third quarter of 1954. During the July-September period, net income was down 4 per cent and cash receipts were 3 per cent below projections for the current year.

* * *

MIDWEST FARMERS, however, can expect to fare somewhat better than the rest of the nation. Farm income in the seventh federal reserve district will probably hold up better than in the country as a whole. Cash receipts of Midwest farmers are expected to drop only about half as much as the national average.

Behind this expectation lies the belief that receipts from corn and cattle in this area will remain at 1954's level. Thus, despite some deterioration in the hog and dairy outlook, Midwest farmers are in for only a slight income decline.

* * *

ON THE NATION'S farm front wheat and cotton are expected to account for the major part of the decline in farm income. Acreage allotted to both of these crops is being cut back further, while the support level for the 1955 crop of wheat will also be lowered. These steps are designed to bring output into line with current market conditions.

Burdensome supplies and a relatively stable over-all demand will continue as the dominant features of the agricultural situation. According to the bank, big carryover stocks, plus the large total output in view, will assure superadequate supplies in 1955.

* * *

DOMESTIC DEMAND for food and other agricultural commodities has continued strong throughout the postwar years and is expected to remain at the current high level next year. Consumers probably will once again spend about 25 per cent of their disposable income for food.

Foreign demand for farm products, on the other hand, has shown wide swings in the postwar years. In 1955, some increase in agricultural exports is likely, but additional shipments will largely be moved out of present CCC stocks. Therefore a step-up in sales abroad would have little impact on domestic markets.

In Texas

Kenneth G. Miller, who recently received his commission as second lieutenant in the air force, received his observer wings in graduation exercises at James Connally air forece base, Waco, Texas, December 17. The ceremonies climaxed a year of training in the observer program.

Lt. Miller, a 1951 graduate of Palatine high school, attended the University of Illinois prior to his entry into the air force in September 1953.

He is the son of George W. Miller of 139 S. Hale street, Palatine.

In California

It's duty aboard the heavy cruiser USS Los Angeles for Richard G. Dreyer, seaman, USN, son of Mr. and Mrs. Henry J. Dreyer of 700 E. Northwest hwy., Arlington Heights.

The cruiser recently completed training maneuvers off the coast of California.

In Georgia

Private John W. Webster Jr. of Des Plaines completed the ordnance automotive school's course in wheel vehicle repair at Atlanta general depot in Georgia.

Since 1941 more than 66,000 men from over the world have been trained at the school in eight automotive and allied trade fields.

He is the son of Mr. John W. Webster of R. 2, Des Plaines.

In California

Promoted to his present rank at recent ceremonies held at the marine corps air facility at Santa Ana, Calif., was marine sergeant Thomas O. Cooper, son of Mr. and Mrs. Thomas O. Cooper of 845 N. Beverly, Arlington Heights.

Before entering the marine corps in October of 1953 he attended Arlington Heights high school.

A Pretty Nurse Helps

Almost every heart condition can be helped by proper treatment, says the Chicago Heart association.

Arlington Sailor Home From World Cruise

An Arlington Heights sailor is home this week after a seven month cruise around the world on the destroyer U. S. S. Abbot.

He is Robert C. Heiden Jr., 22, of 626 N. Harvard, who will mark two-and-a-half years in the Navy Feb. 12. Currently he is on leave and returns to Newport, R. I., Jan. 6.

Seaman Heiden left on his cruise in June, sailing first to Cuba and then through the Panama Canal to Pearl Harbor, where he reclined on Waikiki Beach and started his international Christmas shopping.

* * *

AT MIDWAY Island he became fascinated with the "gooney birds," strange creatures which cannot fly or walk but merely swarm over the island.

In Yokosuka, Japan, he found the people friendly but the traffic treacherous. "You take your life in your own hands when you enter a taxi cab."

The Abbot acted as part of a Fast Carrier task group off Hainan Island and Indo-China before putting into Subic Bay, Philippine Islands.

In Manila and Sasebo, Japan, he continued shopping for holiday gifts and was amazed at the "reasonable prices." Heiden joined a tour of seamen in Hong Kong and visited the famous Tiger Palm gardens, with its rock sculpture, as well as a rubber plantation.

The Suez Canal impressed him as a "ribbon of water across a stretch of sand," but Naples, Italy, was "just mammoth." In Italy, he admitted that he gorged on spaghetti.

The French Riviera was "beautiful in fall colors" and he toured Golfe Juan and Nice.

* * *

IN SPAIN, he discovered Barcelona was the "friendliest port of all," and went horseback riding in the hills above the city, which he said was much like Chicago.

Gibraltar was "just a hunk of rock," but he was rapt in admiration for the Azores, which he described as being similar to Hawaii. The city of Ponta Del Gada was "a miniature village built of colored cardboard."

What impressed him the most about his cruise?

"I never saw so much water in all my life."

He sailed across the Atlantic, Pacific, and Indian oceans, and the Caribbean, Arabian, Mediterannean, and Red seas.

To Aid Heart Fund

Howard Miller, disc jockey of radio station WIND and the national broadcasting company, has been appointed to serve on the national disc jockey committee for the 1955 Heart Fund campaign. This committee consists of 12 disc jockeys selected from as many regions in the United States, to head a special Heart Fund disc jockey campaign addressed to 4,000 disc jockeys throughout the country.

"Help your heart fund help your heart" is the slogan of the 1955 Heart Fund Drive of the Chicago Heart Association which is seeking $680,500 as its share of the $13,500,000 national goal set by the American Heart Association with which the Chicago Heart Association is associated.

Tells Of Course For Businessmen

Representative Marguerite Stitt Church, (R), 13th district, Illinois, announces that a course, co-sponsored by the small business administration, is being offered at Loyola university for owners and managers of small businesses.

The businessmen participating in the course, primarily designed for manufacturers and adapted to the particular needs of small business owners in the Chicago area, will meet one evening a week at the university for eight weeks beginning approximately February 1, 1955. A modest tuition fee will be charged.

Those businessmen interested in participating should communicate with Dr. Peter T. Swanish, chairman, management department, college of commerce, Loyola university, 820 N. Michigan avenue, Chicago.

In the Shadow of + + + The Steeple

by William O. McGill

My "connoitering" sources are no better than yours, so I don't know whether there will be a tidal wave, or the end of the world, between the writing and the printing. But there has been a great deal of jest and discourtesy which overlooks one of the real warnings involved in anyone's message of doom or omen.

This is a world of judgment. The Creator God, like any good engineer, tests His work, criticizes it, re-works it. So often, especially in the period of the year around Thanksgiving and Christmas when we emphasize "counting our blessings" and "love came down at Christmas," we think of God as treating us rather well.

* * *

OF COURSE, He does treat us well. He loves us. It is important for us to remember that His love and His judgment are both equal representations of His character. To us, forgiving love and righteous judgment may appear to be contradictory; this is one of the frailties of humanity.

The Author of all being is an Intruder, an Interrupter. He broke into the normal course of human events. Job, in his complaints, lamented that there was no "umpire" between them, none who could lay His hand on both of them, Job and his God. He regarded himself as victimized by the Lord. That is, he saw himself as victimized until he saw the Lord.

The Biblical prophets always saw themselves under judgment. Isaiah, for example, was busy with his own problems when the Lord interrupted him—in the temple, of all places. Jeremiah was troubled by unpopularity when he spoke in the Lord's name, so he decided to be quiet—"But Thy Word becomes like a raging fire within me, so that I cannot be quiet."

Even the shepherds on the hillside were concerned with personal affairs, sheep, perhaps their families, how to meet the mortgage. And when they saw that strange light of the star, "they were sore afraid." Our joy in the shepherds at Christmas often overlooks the fact that they were scared! God was intruding Himself into their usual affairs.

The end of the year represents an appropriate, although artificial, time to recognize this fact of God's intrusion. Artificial, because it is contrived by the mechanics of the calendar. The Divine Intrusion comes when and where and how He pleases.

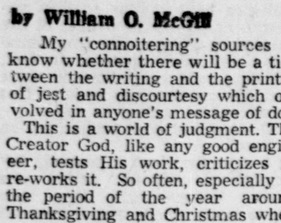

* * *

IN A WAY, we should be grateful to the people who suggested that judgment might come to us on a tidal wave. That it did not come, and I assume that the publication of this statement implies that it did not, is beside the point. It merely means that the ones who prophesied it misread the message or the signs.

In the late nineteenth century, there was a great furor in New England about the possible end of the world. Timothy Wright, then president of Yale and a member of the Connecticut legislature, seized the keys and locked the doors of the Legislature's hall. "If He comes tonight," he cried, "then let us meet Him doing our duty as responsibly as we can!"

New Trier High School To Have Veterans' Memorial Library

The proposed New Trier high school will have a veterans' memorial library after all.

Circuit judge Daniel Roberts ruled this afternoon that 361,249 dollars can legally be taken from the New Trier township tax fund to build the library.

New Trier voters approved the plan last April 6, but a tax payers group filed suit, charging there was no authority for the move since the high school district overlaps the township boundaries.

Judge Roberts ruling means that the district can now issue bonds and eventually pay the money back into the tax fund. The entire school will cost an estimated 5,875,000 dollars.

Make It Yourself

Vee Powell

POWELL STUDIOS
Northwest Hwy & Glencoe Rd
Palatine, Ill

Subject: Vignette

The buzzer sounded one day last week at the Studio entrance and when I didn't hear anyone coming in, I went to the door. There stood David, one of the cute youngsters, living nearby and in his arms was a coal-black kitten.

"Does this happen to be your cat?" he asked, looking up at me with big eyes.

"No," I said, "Captain Midnight (a mis-nomer if there ever was one!) is curled up in her basket, fast asleep. She is lots older than your kitty, and besides she has a white spot on one side of her nose."

"Oh!" he said.

"Where did you get this one?"

"I found it and I'm just trying to find out where she belongs."

"Well, she probably didn't come across the highway, you'd better turn back and try some of the houses east of here. Say, you look pretty cold, how about coming in for a minute to get warmed up? Besides, I think I can find a cookie for you." Still cuddling the kitten, he came in.

"Now you just sit here for a minute—maybe Kitty is hungry, too." I got several cookies and dished up a saucer of Cappy's cat-food, and David carefully put the cat on the floor and they both started to eat.

"You sort of look after her," I said. "I don't want her to run all over the Studio. Say! I think you like this kitten a lot, won't your mother let you keep her? She seems like such a nice little animal; real pretty and clean."

"I wish my mother would let me," he said between mouthfuls and obviously trying to make his snack last just as long as Kittys', and no longer. "But my Daddy thinks maybe this is a lady-cat; you can tell by the way they go 'round and 'round in circles."

"Well," I said, dubiously, and beginning to doubt that the cat had just been "found"; it seemed more likely that it had been around for awhile and David had received some sort of an ultimatum. "I do hope that you can find her a home. She would have a real hard time finding food unless she has someone like you to look after her. Besides, she just might be a boy-cat, after all!"

He picked the kitten up protectively and walked to the door and I helped them out.

"Oh, I don't want a boy-cat; I hope she's a mama-cat. Just think how much fun I will have with a lot of little kittens!"

"Age of Innocence," I muttered to myself. David has yet to find out that the males get the breaks, females are expendable! I solved the problem about twelve years ago by taking Cappy to the veterinarian, and a happy solution it was, because she's been bossing us around ever since. Even my husband has become very fond of her. Every once in awhile I tell her what a lucky little cat she is, but she looks at me inscrutably with great yellow eyes, probably feeling that we are lucky, too, to have such a nice polite cat around! And maybe we are at that! If cats were hard to find, more people would want them!

Outside of the Cat World, all this has nothing to do with Make It Yourself, but I'm coming to that. Maybe you think you've seen Make-It-Yourself Kits around, but you're going to see lots, lots more during this coming year! Manufacturers are following the trend and putting up a lot of new decorative (and useful) items in a handy pack, everything at hand and in just the right amounts. You save money and the frustration of not being able to find the exact thing needed. Instructions are included and what is more fun on long cold winter evenings than being snugly at home and feeling that you are profitably engaged in a creative project, something that will help you to decorate your own home—make it more individually yours? Well, we are going to be carrying more of these items and as time goes by, I will tell you about them. They're new and exciting. In the meantime if you feel a nervous breakdown coming on — don't! Hobby Kits are lots less expensive and even doctors will recommend their thereapeutic value! Happy New Year!

In The Future

Match books with covers bearing Christmas greetings made their appearance in increasing volume during the past week, with sales 10 to 50 per cent ahead of a year ago. This advertising device promises to increase, the Match Bureau says . . . A new aluminum "do-it-yourself" bathroom shower curtain fits wall-to-wall tub or stall shower . . . New clothes pins from England are here and their manufacturers say they won't jump off the line . . . And a Swiss electric shaver to retail under $10 will be marketed under the name "Top."

Floor area is 967 sq. ft. with cubage of 17,890 cu. ft. For further information about Design C-249, write to the Small House Planning Bureau, St. Cloud, Minn.

NEEDLE in the GROOVE

by PAUL LITTLE

The Louisville Philharmonic Society has just embarked on one of the most important musical projects in our generation, and certainly one we may support out of patriotic pride. Its fine Louisville Orchestra under Robert Whitney has for years valiantly championed original musical works by our own American composers. Columbia has recorded several such compositions by this orchestra, notably the famed Brazilian composer Heitor Villa-Lobos' colorful and exotic "Origin of the Amazon River," which was specially commissioned by the Society.

Now this enterprising musical organization has begun a monthly recording plan by which a high fidelity 12-inch disc of new music written specially for the orchestra by outstanding living foreign and American composers will be made available to subscribers. The first disc to hand (processed by Columbia with exceptional lifelike sound) offers Villa-Lobos' brilliantly pictorial "Dawn in a Tropical Forest," Paul Creston's "Invocation and Dance," and Halsey Stevens' three-movement suite "Triskelion." Stevens, by the way, wrote that very fine study of "The Life and Music of Bela Bartok," which was recently published by Oxford University Press. We urge you to support this worthwhile program which will give deserved hearings to our gifted musicians. For details, write the Society at 830 South Fourth Street, Louisville 3, Kentucky.

To determine your musical likes, we're going to start a "desert island" contest. Let's assume you were to be marooned for life, and allowed only ten musical works to enjoy. What would they be? Would you pick jazz or classics? If you'll send in your list (remember to give your name and address clearly) to Paul H. Little, Paddock Publications, you may win a fine long-playing disc for your own collection. Send your entry in today, then watch this column.

For you jazz enthusiasts, London's 12-inch high-fidelity platter of "Ted Heath at the Palladium" and a fine 12-inch sequel, "The Music of Fats Waller," are real treasures. Heath's great band has brought American jazz to England with the tangy admixture of English styling. The result is some of the most listenable jazz we've heard in many a moon. Sound reproduction is typically London, which means thrillingly lifelike realism on both treble and bass. Another London classic is the new 12-inch "Music of Sigmund Romberg," by Mantovani and his lushly romantic orchestra. Happy New Year to all of you.

Q. Is it necessary for the bride's family to mail a wedding invitation to the bridegroom's parents?

A. Most certainly. And separate invitations must be mailed to each brother and sister of the bridegroom, even though they might be living at the same address as their parents.

Barrington Woods Receives Awards For Land Planning

A new approach to home construction and subdividing has emerged in Barrington Woods, a 70-home development of prefabricated and conventional homes started in 1954 by the Maxon Construction co.

The Palatine township subdivision, originated by Maxon to satisfy the demand for wooded building sites in a country atmosphere, is 60 per cent occupied and 85 per cent sold out.

"In planning and developing Barrington Woods, we have applied sound theories wherever possible," explained Don C. Maxon, president of Maxon Construction. "Our success has proven to us that the American home purchaser is looking for and ready to accept a new and pleasanter way of life."

Barrington Woods, featured in the December issue of the National magazine, was also selected for the building of the United States Gypsum Research Village. It won the Parents magazine site planning contest for "best homes for families with children," and $1,000 President's Award for land planning to the development.

Maxon is firm in his determination to avoid the pitfall of prefabricated homes—the long series of box-like structures in monotonous rows. Conventional builders, unless they are in the higher price brackets, select one or two homes of the same size with a few exterior variations and duplicate them in the row-house manner.

"I believe that volume building for volume's sake and profit for profit's sake, and the neglect of land planning is detrimental not only to the home purchaser, but to the future of the building industry, American economy, and standard of living," asserted Maxon.

Short Days Mean More Colds In Winter

Winter's shorter days mean more colds.

So reports the Sampson Chemical and Pigment corp. of Chicago who explain that any device for augmenting the action sunshine will lessen the chances of disease.

Other bacteria-breeders are stale air, sneezing, coughing, and talking—all of which are less important in warm weather when there is an abundance of fresh air inlets.

The Sampson company has, for the first time, perfected a practical, inexpensive, positive method for reducing airborne germs, viruses, bacteria, etc., as well as freshening the air recirculated in the home. The product is a Sampson "Sun-Lite Aire" Purifier which also removes such objectionable odors as stale tobacco smoke, cooking, musty basements, and pets.

on.

He employed the following techniques in Barrington Woods:

Selection of rolling land to eliminate table-top roof heights, and emphasis on natural beauty;

Curvilinear roads to create informality, safety, and aid in drainage;

A wide variation in set-backs to enable full use of specimen trees, view, and topography; and

Color styling planned on a community-wide level.

Want To Save Vacation Money? Travel Through Afghanistan

by BILL DILLINGHAM

For anybody who is planning a week-end vacation in Afghanistan, here is a brief outline of the prices:

Most of the country's hotels will charge no more than twenty-five cents for a single room. But a hotel in Afghanistan is nothing like New York's skyscrapers. Perhaps it will have only three or four rooms in the entire establishment. Many of their places have just two rooms, in spite of deceiving titles like "The Grande Hotel." With travellers so few and far between, more space isn't necessary, so don't worry about reservations!

* * *

A MEAL runs to about another quarter—but one's intestines are liable to rebel if the ordinary Afghan restaurant is used. In Kabul, the capital, dinner in the city's best restaurant costs up to forty cents. For that price you probably won't get sick.

The reason Afghan food can easily cause illness is because of the chef's disregard for sanitation. In preparation, however, the Afghans make delicious dishes! They are the French of Asia when it comes to cuisine!

* * *

BUYING SOUVENIRS in this country is limited to getting the real McCoy every time. There is no group that manufactures junk for tourists. Nothing like Paris' Eiffle Tower, cast in iron and pocket size, exists here. Anything that is bought is cheap in price and high in quality.

Walking through the bazaars of the villages, for example, can reveal ancient bracelets of solid silver, all hand made and dating back decades. A half dollar is enough to purchase such an item —although they usually weigh a half-pound at least! Afghan jewelry is on the bulky and weighty side.

* * *

FOR MEN, there are knives on sale that were used by the Afghan women during the war with the British. It was the practice for the men's wives to come into the battle just after the first skirmish, for the purpose of knifing the wounded British soldiers. These knives are all about and can be bought for a half-dollar each.

Court Flashes 'Red Light' On Toll Plan

Illinois toll roads may be delayed for six months or more as the result of a surprise ruling Monday by a special three-judge federal court which ruled the toll act unconstitutional.

Although the court did not issue an injunction barring further toll plans, the court said the legislature erred in passing the present toll act. They criticized the commission's failure to hold public hearings in selecting the toll routes.

The decision of the three-man court must be appealed directly to the U. S. Supreme Court, which will take several months, or the legislature must amend the act in the session starting Jan. 5.

* * *

EITHER METHOD will delay the scheduled sale of the $390 million bond issue set for next month.

The flaw in the Illinois act is the unusually wide powers granted the toll body.

Meanwhile, President Eisenhower prepared to ask Congress in a special message to swiftly approve his proposed $50 billion, 10-year national improvement plans for new toll and free highways.

Roughly half of the $50 billion would be paid by the federal government, the rest by states and local government.

Here's A New Racket To Watch

by A. B. JOHNSTON

Don't sign that "receipt" for a watch which the factory-gate salesman wants you to keep until Saturday, says the Chicago Better Business Bureau, unless you intend to buy it, because what you are probably signing is a purchase contract with a wage assignment attached.

Complaints are reaching the Chicago Better Business Bureau in ever increasing numbers from factory workers who say they were induced to sign what was described as "merely a receipt" for a watch which they could try out until Saturday or over the weekend.

* * *

COMES SATURDAY, or next week, but no one comes to pick up the watch. Instead, the victim is sent a payment book showing he owes $55 and that he must make regular monthly payments to the XYZ finance company. If payments are not made his employer receives a notice of wage assignment.

Of course, the salesman never returns nor is he heard from again. The company refuses to accept return of the watch and tells the victim he has bought a watch and that he will be forced to pay for it.

This racket has been worked in Chicago for a number of years among the less informed public, particularly those of foreign birth, who may not understand the English language or be alert to such chicanery.

* * *

THE BUREAU also warns against fake watch names similar to brand names of well known manufacturers. Instances have been found where well known watch names have been stamped on the face of second hand watches, as well as those of unknown make. The public can avoid being taken in by sucs schemes and gyp practices by confining their buying to well established firms.

Preying also upon the foreign born are cemetery lot salesmen, who sometimes pose as police, immigration or other officials. They wait outside factory gates where Latin Americans are employed. Upon emerging from the plant, the employee is asked a number of questions, during which notations are made of his answers. Such employees, being uninformed and often frightened, are easy victims. Upon conclusion of this interrogation, the employee is asked to sign his name to confirm the statements he gave are correct. Later he learns he has bought cemetery lots because the statement he signed was a contract for cemetery lots which also contained a wage assignment.

HOME OWNERS' QUESTION BOX

Q—Water condensing on my window sash in cold weather is running down and ruining the wallpaper. How can I remedy this?

A—Apparently your windows are made of metal, and about the only remedy is to install wood window units. Condensation occurs when warm room air meets cold window sash and frames. Water doesn't condense on ponderosa pine, of which wood windows are made, because the inside of wood sash stays warm when it's cold outside. A piece of pine will lose from 1,360 to 1,780 times less heat than a piece of aluminum the same size, according to the American Society of Refrigerating Engineers. Thus, the inside surface of wood sash stays free of moisture, while the inside surface of metal sash becomes almost as cold as outdoors and moisture readily collects.

Q—Does the way a house is built have any effect on the cost of insuring it?

A—Yes. Use of fire-resistant materials often brings insurance premiums down. For instance, insurance companies in many localities reduce the cost of fire insurance on homes protected by asphalt shingles because this roofing material minimizes the danger of fire caused by flying sparks from chimneys and other sources. In fact, building code reuglations in more tan 600 communities require that fire-resistant roofing be used.

Q—How fast does shellac dry on a floor?

A—The first coat is generaly dry enough to walk on within one hour. However, not less than three hours should elapse between the first and second applications. An overnight drying period is recommended before application of the third coat.

Q—How can I make yellow-stained piano keys white again?

A—Mix a paste of alcohol and powdered chalk. Rub the paste on the keys, then remove it with a clean soft cloth.
